Mr. John S. Curtis, General Manager Farmers' Cooperative 123 Main Street Stuart, IA 50250

Dear Mr. Curtis:

We hope the enclosed letter report will be useful to Farmers' Cooperative; the information in this report is from our annual survey. Thank you for responding to our annual survey.

Table 1 presents a balance sheet comparing your cooperative with similar mixed farm supply cooperatives with sales from \$20 million to \$30 million. Table 2 has an income statement with averages for similar cooperatives and your cooperative. Table 3 shows common financial ratios for comparison cooperatives.

If you have any questions or comments on this information, feel free to either phone (202) 690.1415 or Email me, eldon.eversull@wdc.usda.gov. For additional cooperative information and reports listed by subject, please visit our web site, www.rurdev.usda.gov/rbs/pub/newpub.htm.

Information from Farmers' Cooperative is held in the strictest of confidence. We hope you will complete and return the questionnaire that will soon be sent to you after your fiscal year ends for your business year ending in 2012 and include an annual report with detailed operating expenses so that we can provide performance data to you next year.

Sincerely,

& Eldon Everall

E. Eldon Eversull

Some ratios were considered outliers so are blank in the above table. If information for <u>Your cooperative</u> is blank, we did not receive a usable response from your cooperative in 2011. The enclosed information is for your use, some information has been estimated for missing data items.

The ratios are as follows:

Current = current assets / current liabilities.

Debt to asset = debt / total assets (Please note: debt = all liabilities).

Debt to equity = (debt / total assets) / (equity / total assets).

Times interest earned = (NIBT + interest expense) / interest expense.

Total asset turnover = total sales / total assets.

Fixed asset turnover = total sales / PP&E.

Gross profit margin = gross margin.

Return on assets before interest and taxes = (NIBT + interest expense) / total assets.

Return on member equity = net income / allocated equity.
