National Survey of Prescription Drug Advertising

We recently mailed you the National Survey of Prescription Drug Advertising. If you returned the survey, thank you for your time, it is much appreciated. If you haven't yet, please take a few minutes to complete it. The study is almost over and this is the last reminder you will receive.

We hope you will take this final chance to complete the questionnaire that was sent to you last week. Your views are important to us, and your participation is critical so that the information we collect reflects the experience of people across the United States.

If you prefer, there is still time to complete the survey online.
