

NOTICE – Public reporting burden of this collection of information is estimated to average 8 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, suggestions for reducing this burden to: CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road, MS D74, Atlanta, GA 30333, ATTN: PRA (0920-0729).

We are planning ahead for the 2017 National Conference on Health Statistics and other future conferences, sponsored by the National Center for Health Statistics (NCHS), and your feedback as a registrant of the 2015 National Conference on Health Statistics is important to us. We would appreciate your evaluation of the conference, by completing a short questionnaire. Even if you did not attend the conference, you can still provide an assessment of NCHS programs, products and services.

The survey is voluntary and when tested, took less than 10 minutes to complete. It has been designed so that no individually identifiable information will be released. Please be sure not to include any identifiable information pertaining to the survey. If you have any questions please contact us via email, at [nchsfeedbacksurvey@cdc.gov](mailto:nchsfeedbacksurvey@cdc.gov).

We encourage you to complete the survey at your earliest convenience. The survey will be available online for one month, until XXXX (date will be entered here).

The findings of this survey will be used to help NCHS better serve you and the public.

We greatly appreciate your time and feedback. Thank you for providing valuable customer feedback to the National Center for Health Statistics (NCHS).
