Form Approved  
OMB No. 0920-New  
Exp. Date XX/XX/XXXX

Thank you for your participation in this survey. Here we will ask you questions about your practice, professional development activities, information needs, use of different forms of media to communicate health information to your patients, and the types of health information you discuss with your patients.

Public reporting burden of this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-New).

How do you obtain CME/CE credits?

- Attending conferences
- Through employer-provided in-service trainings
- Dinner presentations by local chapter of a professional association
- Attending meetings of a regional professional association
- Journal supplement education programs
- Through online courses
- [INSERT DELIVERY MODE HERE]
- Other (specify)

How useful are CME/CE programs about HIV care, treatment, and prevention?

- Never useful
- Rarely useful
- Somewhat useful
- Always useful

Have you ever learned about the following topics through a CME/CE course or program?

	Yes	No
Reducing HIV transmission	<input type="radio"/>	<input type="radio"/>
Retention in HIV care or treatment	<input type="radio"/>	<input type="radio"/>
Initiating ART	<input type="radio"/>	<input type="radio"/>
Communicating about ART medication adherence (e.g., patient compliance)	<input type="radio"/>	<input type="radio"/>
Conducting HIV screening	<input type="radio"/>	<input type="radio"/>
Conducting other STD screening	<input type="radio"/>	<input type="radio"/>
Partner services	<input type="radio"/>	<input type="radio"/>
Screening for risky sexual behaviors	<input type="radio"/>	<input type="radio"/>
Screening for risky alcohol and illicit drug use behaviors	<input type="radio"/>	<input type="radio"/>
Helping patients modify risky sexual behaviors	<input type="radio"/>	<input type="radio"/>
Helping patients modify alcohol and illicit drug use	<input type="radio"/>	<input type="radio"/>
Providing culturally-competent care to transgender patients	<input type="radio"/>	<input type="radio"/>
Initiating PrEP	<input type="radio"/>	<input type="radio"/>
[INSERT TOPIC HERE]	<input type="radio"/>	<input type="radio"/>

What challenges, if any, prevent you from having discussions regarding high-risk sexual or substance use behaviors with your HIV-infected patients?

- Lack of time
- Cultural differences between you and your patient
- Gender differences between you and your patient
- Lack of trust/relationship with patient
- Lack of skills or training in this area
- Patients are uncomfortable discussing the subject
- I am uncomfortable discussing the subject
- [INSERT CHALLENGE HERE]
- Other (specify)

- There are no challenges to such discuss that I can identify

Please think about all of your patients, aged 13 – 64, and indicate which category best describes how often you typically do the following:

	Always	Very often	Once a Month	2-3 Times a Month	Once a Week	2-3 Times a Week	Daily
Ask patients if they are sexually active	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Ask patients if they are engaging in unsafe sex	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Recommend consistent and correct condom use to patients during all sexual activity	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Refer newly diagnosed HIV patients to appropriate care or treatment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Talk with patients about HIV screening	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Talk with patients about PrEP	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
[INSERT ACTIVITY HERE]	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Which one of the following statements most accurately reflects your beliefs about effective HIV prevention?

- Risk-based HIV screening is the most effective approach
- HIV screening for all persons age 13 to 64 is the most effective approach
- HIV screening is a public health concern and not an issue in my clinical practice

Which one of the following best describes HIV screening in your practice?

- Opt-In, where patients must explicitly agree to an HIV test
- Opt-Out, where patients must explicitly decline an HIV test
- Other (specify):

Does CDC recommend HIV screening for all patients ages 13 - 64?

- Yes
- No
- Don't know

Which of the following are patient benefits of HIV testing?

- Knowledge of status
- Reduction of risky behaviors (e.g. unprotected sex)
- Reduced risk of transmitting HIV to others
- Cost effectiveness
- [INSERT BENEFIT HERE]
- All of the above
- None of the above

To what extent do you agree with the following statements?

	Strongly agree	Agree	Neither Agree nor Disagree	Disagree	Strongly Disagree
Routine HIV screening of patients can help to prevent transmission of HIV.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have the necessary training to counsel my patients about reducing their risk of HIV transmission.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
[INSERT STATEMENT HERE]	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
