Focus Group Recruitment Script

Thank you for your attention and time. This concludes my presentation.

The next part of this session focuses on building on the research I presented by gathering the experiences and views of stakeholders. My goal is to develop recommendations and/or a program to increase the number of miners getting black lung screenings.

If would like to share your thoughts, suggestions, and experiences AND you...

- (1) Read and speak English,
- (2) Are 18 years old or older, and;
- (3) Have worked in or supported the U.S. mining industry within the last 10 years,

I invite you to stay and participate in a group discussion.
