**Notification of Modification / Update Exemption Determination**

October 10, 2019

Elena Savoia  
esavoia@hsph.harvard.edu

**Protocol Title:** Participatory Mapping to Identify and Support at-Risk Populations in Emergency Preparedness  
**Principal Investigator:** Elena Savoia  
**Protocol #:** IRB16-1789  
**Submission #:** MOD16-1789-03  
**Funding Source:** CDC/Coordinating Office for Terrorism Preparedness and Emergency Response- 3U90TP124242-05S1 (Closed)  
**IRB Review Date:** 10/10/2019  
**IRB Effective Date:** 10/10/2019  
**IRB Review Type:** Exempt

This Modification / Update continues to meet the criteria for exemption per the regulations found at 45 CFR 46.104(d) (2). As such, additional IRB review is not required. For international research, the Principal Investigator is required to comply with any applicable local laws, legislation, regulations, and/or policies. Additionally, if local IRB/ethics review is required, it must be obtained before any human subjects research activities are conducted in the field. If assistance with applicable local requirements is needed, please contact the Harvard T.H. Chan School of Public Health IRB office.

The determination that your research is exempt does not expire, and you will not file annual renewals. If changes to the research are proposed that would alter the IRB's original exemption determination, they should be submitted in ESTR by using the Modify Study button. If unsure, contact the Harvard T.H. Chan School of Public Health IRB office.

Please contact me at 617.432.8382 or eehrlich@hsph.harvard.edu with any questions.

Sincerely,

Elizabeth Ehrlich  
IRB Review Specialist
