SPECIFIC PTA QUESTIONS

1. Reason for submitting the PTA: Updated PTA

USCIS previously revised this Supplement given the passage and signature of the Intercountry Universal Accreditation Act of 2012 (UAA). OMB approved these revisions and the new Supplement went live on uscis.gov in February 2015. This form is currently up for extension with no changes requested.

Background on previous Supplement 1 revisions:

On January 14, 2013, the President signed the Intercountry Adoption Universal Accreditation Act of 2012 (UAA), which will become effective July 14, 2014. As of that date, all agencies or persons providing adoption services in support of Form I-600A, Application for Advance Processing of an Orphan Petition or Form I-600, Petition to Classify Orphan as an Immediate Relative, must be accredited or approved, or be a supervised or exempted provider, in accordance with the Intercountry Adoption Act of 2000 and the Department of State accreditation regulations at 22 CFR 96 for Hague Convention on Protection of Children and Co-operation in Respect of Inter-country Adoption (Hague Convention, Hague, or Convention) cases.

The UAA requires that adoption service providers (ASPs) handling non-Hague Convention adoption cases that fall under the Immigration and Nationality Act (INA) section 101(b)(1)(F) follow the same accreditation or approval process required of ASPs that handle Hague Convention cases under INA section 101(b)(1)(G). The UAA assures families pursuing an intercountry adoption that, regardless of the country from which they intend to adopt, the ASP they choose will need to comply with the same ethical standards of practice and conduct.

Effective July 14, 2014, cases that do not meet certain grandfathering criteria will be required to comply with the UAA requirements. Among them, the main requirement necessitating modifications to this Supplement is an ongoing duty of candor or disclosure, which is a result of OCC's determination that the UAA requires Hague-compliant home studies that satisfy 8 CFR 204.311.

Under 8 CFR Part 204.311(d), an applicant or petitioner, his/her spouse (if married), and any adult members of their household have a duty of candor in completing Form I-600A (if applicable), Form I-600, during the home study process, and an ongoing duty of disclosure throughout the adoption process to:

1. Provide true and complete information to the home study preparer;
2. Disclose other relevant information, such as physical, mental, or emotional health problems or behavioral issues;
3. Disclose any arrest, conviction, or other adverse criminal history, whether in the United States or abroad, even if the record of the arrest, conviction, or other adverse criminal history has been expunged, sealed, pardoned, or the subject of any other amelioration;
4. Disclose any history of substance abuse, sexual abuse or child abuse, and/or family violence as an offender under 8 CFR 204.309(a)(1); and
5. Notify the home study preparer and USCIS of any new event or information that might warrant submission of an amended or updated home study.

Though adult household members are currently required to sign and certify this Supplement, given the UAA, we need to specifically ask the adult household member questions related to items 3 and 4 and add in an adult household member duty of disclosure certification box.

Form I-600A/FormI-600, Supplement 1, Listing of Adult Member of the Household

USCIS created Form I-600A/FormI-600, Supplement 1, *Listing of Adult Member of the Household* to serve as a supplemental form to:

- Form I-600, *Petition to Classify Orphan as an Immediate Relative* and/or
- Form I-600A, *Application for Advance Processing of Orphan Petition*.

This supplemental form must be completed by and submitted for every adult member of the household age 18 and older who lives in the home of the prospective adoptive parent(s) except for the spouse of the applicant/petitioner. The purpose of the form is to collect information on any additional adult members residing in the prospective adoptive parents’ household to determine whether any additional adult household members pose any risks to the adopted child.

Individuals who complete this form are informed prior to the collection of information that they are permitting USCIS to share their information with other entities or persons when necessary to determine the adoptive parent’s eligibility or for the administration of U.S. immigration laws.

The legal authority to collect this information stems from Sections 101(b)(1)(F) and (G) of the Immigration and Nationality Act (INA), 8 USC 1101, 8 CFR 204.3, 8 CFR 204.311, Adjudicators Field Manual 21.5.

IT SYSTEM

Domestic Form I-600A and Form I-600 filings are received in at the USCIS lockbox; international filings are accepted by USCIS international offices (Form I-600 filings may also be received at the appropriate Embassy or Consulate if we do not have a presence in a country and the petitioner has a valid Form I-600A approval). Petitioners and Applicants submit the Supplement 1 with the Form I-600A or Form I-600 – not through a stand- alone filing.

The NBC uses NPWR/ACMS to track and process adoption cases filed domestically including Supp 1. IO uses CAMINO to track and process adoption cases filed abroad with USCIS, but currently does not record Form I-600 Supp 1 filings. Instead, USCIS IO maintains a copy of the paper Supp 1 filing to support the processing.

If the Adult household member has an A-number, it is possible that the A-file would be reviewed during adjudication of the Form I-600/A.

³ When data is sent over the Internet, each unit transmitted includes both header information and the actual data being sent. The header identifies the source and destination of the packet, while the actual data is referred to as the payload. Because header information, or overhead data, is only used in the transmission process, it is stripped from the packet when it reaches its destination. Therefore, the payload is the only data received by the destination system.

Component Privacy Office Recommendation: <i>Please include recommendation below, including what new privacy compliance documentation is needed.</i>	
<p>The USCIS recommendation is to designate Form I-600 as a privacy sensitive form with coverage under the forthcoming International Adoptions Process PIA. Furthermore, USCIS Office of Privacy is in the process of updating the DHS/USCIS-005 - Inter-Country Adoptions Security June 5, 2007, 72 FR 31086. DHS/USCIS/ICE/CBP-001 – Alien File, Index, and National File Tracking System of Records, November 21, 2013, 78 FR 69864, also provides coverage.</p> <p>USCIS also recommends adding a routine use in the Adoptions SORN to permit sharing of information to HHS.</p>

<p>DHS Privacy Office Comments: <i>Please describe rationale for privacy compliance determination above.</i></p> <p>USCIS is submitting this PTA because Form I-600A/FormI-600, Supplement 1 enables USCIS to collect information on any additional adult members residing in the prospective adoptive parents' household to determine whether any additional adult household members pose any risks to the adopted child.</p> <p>PRIV finds that is a privacy sensitive system because Form I-600A/FormI-600, Supplement 1 collects PII from members of the public.</p> <p>PRIV agrees with USCIS that PIA coverage will be provided by the Forthcoming International Adoptions (ACMS) PIA and CAMINO PIA.</p> <p>ACMS collects and maintains information on U.S. citizen prospective adoptive parents, spouses, adult members of the household, adoptive beneficiaries, adoption service providers, home study preparers, attorneys, and form preparers to determine the prospective adoptive parents' suitability and eligibility to adopt and the child's eligibility to immigrate to the United States as an immediate relative.</p> <p>CAMINO maintains information from applications for immigration benefits adjudicated or processed by USCIS IO offices located both overseas and domestically.</p> <p>PRIV agrees that DHS/USCIS-005 SORN covers the collection of some of the data elements that Form I-600A/FormI-600, Supplement 1 captures; however, additional elements i.e. gender, reason for orphan status, orphan custodian information, physical and mental affliction, and form preparer information</p>

should be added to the SORN update to adequately cover the elements that USCIS will collect using Form I-600A/FormI-600, Supplement 1. Additionally, this program contemplates sharing information with HHS. PRIV agrees with USCIS that the DHS/USCIS-005 update should include adding a routine use to permit sharing of information to HHS.

PRIV agrees that Form I-600A/FormI-600, Supplement 1 will be covered by the DHS/USCIS/ICE/CBP-001 SORN, because information collected is maintained in A-File and it documents the applicant's benefits as they pass through the immigration process.
