Dear <<STUDENT FIRST_NAME>>,

We notice that as of <<INSERT DATE>>, you have not yet applied for financial aid for next year. Because you applied for aid last year, the process this year is simple, but **don't delay**. You must apply for financial aid each year to continue receiving financial aid. Here is information that will help you with the process.

To get financial aid, you must complete the FAFSA, which is the **F**ree **A**pplication for **F**ederal **S**tudent **A**id. Some students think they shouldn't bother, but you should know the facts.

Don't let these myths stop you!

The reality is EVERYONE must complete the FAFSA to get financial aid.

It is FREE to complete, FREE to submit, and the sooner you complete the form, the more aid you could receive from the federal government, state, and your college. Many state and college aid programs have a preferred deadline of March 1st so be sure to start today.

Did you know **you could get more financial aid if you take more courses?** *This could help you finish your studies sooner.* As shown below, students who attend full-time could receive **twice as much financial aid** with a Pell Grant, which is free money that does not need to be repaid.

Credits Taken per Term	Maximum Pell Grant
3	\$0
6	Up to \$2,910
9	Up to \$4,440
12	Up to \$5,920

There are a number of FREE resources available to help you get the money you need. Visit <http://go.usa.gov/x8vYc> or scan this code to get information from the U.S. Department of Education. We have also enclosed a guide to help.

Remember, the FAFSA is FREE. If someone asks you to pay to fill it out, then you're not working with the official FAFSA, your link to get financial aid from the U.S. Department of Education.

Still have questions? Visit the website listed above or call the Federal Student Aid Information Center at 1-800-4FED-AID (1-800-433-3243). You can also go to your college's financial aid office for help.

Submit the FAFSA, and get help paying for college.

Sincerely,

<<SIGNATURE>>

You are being contacted because you agreed to participate in an external research project when you responded to the 2015-16 National Postsecondary Student Aid Study (NPSAS:16). For more information go to: <http://nces.ed.gov/surveys/npsas/grant/CSFA>.

The National Center for Education Statistics (NCES) is authorized to conduct the National Postsecondary Student Aid Study (NPSAS) and its follow up studies, including the Connecting Students with Financial Aid (CSFA) 2017 study, by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C., § 9543), and to collect as part of these studies, under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) and 99.35), students' education records from educational agencies or institutions in connection with an evaluation of federally supported education programs. Data collected from or about individual students are used only for statistical purposes and may not be disclosed or used, in identifiable form, for any other purpose except as required by law (ESRA 2002, 20 U.S.C., § 9573). These data are being collected for NCES by RTI International, a nonprofit research organization based in North Carolina.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this voluntary information collection is 1850-NEW. The time required to complete this information collection is estimated to average approximately 15 minutes per response, including the time to review instructions, gather the data needed, and complete and review the information collection. The reality is EVERYONE must complete the FAFSA to get financial aid.

It is FREE to complete, FREE to submit, and the sooner you complete the form, the more aid you could receive from the federal government, state, and your college. Many state and college aid programs have a preferred deadline of March 1st so be sure to start today.

Did you know **you could get more financial aid if you take more courses?** *This could help you finish your studies sooner.* As shown below, students who attend full-time could receive **twice as much financial aid** with a Pell Grant, which is free money that does not need to be repaid.

<i>Credits Taken per Term</i>	<i>Maximum Pell Grant</i>
3	\$0
6	Up to \$2,910
9	Up to \$4,440
12	Up to \$5,920

With more financial aid, additional courses might not cost you anything out-of-pocket.

There are a number of FREE resources available to help you get the money you need. Visit <http://go.usa.gov/x8vYc> to get information from the U.S. Department of Education. We have also enclosed a guide to help.

Remember, the FAFSA is FREE. If someone asks you to pay to fill it out, then you're not working with the official FAFSA, your link to get financial aid from the U.S. Department of Education.

Still have questions? Visit the website listed above or call the Federal Student Aid Information Center at 1-800-4FED-AID (1-800-433-3243). You can also go to your college's financial aid office for help.

There is financial aid waiting for you! Submit the FAFSA, and get help paying for college.

DO YOU NEED MONEY FOR COLLEGE?

Information to help you get the financial aid you need.

What is student financial aid?

Federal student aid is money from the U.S. Department of Education that helps you pay for college, career school, or graduate school expenses. More than \$150 billion in federal student aid is available through:

- Grants: Aid that does not need to be repaid
- Loan: Aid that must be repaid after leaving college
- Work study: Student job opportunities

Beyond federal aid, many students also get state financial aid and aid from their colleges. You must fill out the FAFSA to get these other sources of aid.

Who gets financial aid?

Many students get some type of student aid, regardless of family income, age, or background. By completing the FAFSA, you will learn exactly what aid is available to you from the government and your college.

How do I apply for student aid?

Go to the Federal Student Aid website to get started:
<http://XXXXXXXXXXXX>.

1. Create an FSA ID.

Your FSA ID is used to confirm your identity and electronically sign your federal aid documents. To create an FSA ID, students and parents should go to the Federal Student Aid website.

2. Complete the FAFSA, the U.S. Department of Education's *Free Application for Federal Student Aid*.

If you need a paper FAFSA, contact ED Publications at www.edpubs.gov or toll-free at 1-877-433-7827.

Completing and submitting the FAFSA is absolutely FREE.

What do I need to complete the FAFSA?

The FAFSA asks for information about you (name, Social Security number, date of birth, address, etc.) and about your financial situation. You may also need to provide information about your parents.

For the 2017- 18 FAFSA, you will report income and tax information from **2015**. That means that if you completed the FAFSA last year, you will use the same information this year!

When completing the FAFSA, consider using the IRS Data Retrieval Tool, which allows you to copy over your income and tax information.

Do I need to apply for financial aid every year?

Yes! You must reapply for aid every year. Also, if you change schools, your aid doesn't automatically transfer with you.

Check with your new school to find out what you need to do to continue receiving financial aid.

What happens after I submit the FAFSA?

After you complete and submit your FAFSA, the U.S. Department of Education will send you your *Student Aid Report* (SAR). Review it and, if necessary, follow instructions to make changes or corrections.

Review award letters, compare the types and amounts of aid you are offered from each school, and contact the school's financial aid office if you have any questions about the aid being offered.

Still have questions?

You never have to pay for help! Free help is available at any time. For online help and answers to common questions, scan this code or go to <http://go.usa.gov/x8vYc>

You can also get free information and help from the financial aid office at your school. Or call the Federal Student Aid Information Center at 1-800-4FED-AID (1-800- 433-3243).

NCER-NPSAS Grant Study

Connecting Students with Financial Aid (CSFA) 2017: Testing the Effectiveness of FAFSA Interventions on College Outcomes

Purpose

This NCER- NPSAS Grant Study – *Connecting Students with Financial Aid (CSFA) 2017: Testing the Effectiveness of FAFSA Interventions on College Outcomes* investigates whether an intervention that provides financial aid information to college students increases receipt of financial aid, enrollment on a full-time (versus part-time) basis, persistence from semester to semester, and degree completion. This research is being conducted under a grant awarded through the NCER-NPSAS grant opportunity. The primary grantee is Bridget Terry Long, Harvard University (Grant Award #R305A160388) with co-principal investigator Eric Bettinger, Stanford University. Data collection will be led by the contractor, RTI International (RTI). A project description is available at: <http://ies.ed.gov/funding/grantsearch/details.asp?ID=1853>).

NCER-NPSAS Grant Opportunity

In 2010, the National Center for Education Research (NCER) and the National Center for Education Statistics (NCES), both within the U.S. Department of Education’s Institute of Education Sciences (IES), began collaborating on an education grant opportunity related to the cross-sectional National Postsecondary Student Aid Study (NPSAS). Under the NCER-NPSAS grant opportunity, researchers could submit applications to the Postsecondary and Adult Education topic within the Education Research Grants program (CFDA 84.305A), under either the Exploration or Efficacy and Replication research goal. Consistent with these two goals, NCER supports research projects using NPSAS to: 1) explore relationships between malleable factors (e.g. information on benefits of financial aid and FAFSA renewal) and postsecondary persistence and completion, as well as the mediators and moderators of those relationships; and 2) evaluate the efficacy of interventions aimed at improving persistence and completion of postsecondary education (e. g. financial aid and FAFSA renewal advice delivered via mail and email). Researchers approved for funding through this program can obtain indirect access to a subsample of the national NPSAS sample (after the study’s student interviews are completed) in order to conduct unique research projects that adhere to the guidelines set forth in the Request for Applications (RFA) for the Education Research Grants Program, as well as guidelines set forth by NCES and the NPSAS program.

On July 1, 2016, two grants were awarded using a subsample of 2015-16 NPSAS sample members:

- *Financial Aid Nudges: A National Experiment to Increase Retention of Financial Aid and College Persistence*. A project description is posted here: <http://ies.ed.gov/funding/grantsearch/details.asp?ID=1848> , and
- *Could Connecting Students with Financial Aid Lead to Better College Outcomes? A Proposal to Test the Effectiveness of FAFSA Interventions Using the NPSAS Sample* (referred to as “Connecting Students with Financial Aid (CSFA) 2017”). A project description is posted here: <http://ies.ed.gov/funding/grantsearch/details.asp?ID=1853>).

Authority

The National Center for Education Statistics (NCES) is authorized to conduct the NCER-NPSAS grant studies by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C., § 9543), and to collect students’ education records from educational agencies or institutions for the purposes of evaluating Federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) and 99.35). Data collected from or about individual students are used only for statistical purposes and may not be disclosed or used, in identifiable form, for any other purpose except as required by law (ESRA 2002, 20 U.S.C., § 9573). These data are being collected for NCES by RTI International, a nonprofit research organization based in North Carolina.

Confidentiality

Since these NCER-NPSAS grant studies are conducted using a subset of NPSAS:16 sample members, all data collection must be done through NCES and the NPSAS:16 data collection contractor, RTI International. This ensures that the confidentiality of the study participants is protected. Specifically, the grantee will have no access to personally identifiable information and may not have direct contact with sample members. RTI International follows strict procedures to protect the privacy and confidentiality of study participants. All project staff members have signed confidentiality agreements and affidavits of nondisclosure. Any data released to the public will be in aggregate form (e.g., statistical tables, graphs). Dear <<fname>>,

I am pleased to inform you that you have been selected to participate in the Connecting Students with Financial Aid study (CSFA), an important study that provides students with information about financial aid. You may recall receiving letters and emails from us earlier this year. Your continued participation in CSFA study is important to the success of the study.

We are now asking you to complete a brief survey on your experiences and knowledge of financial aid. **The survey will only take 10 minutes to complete, and you will receive \$30 as a token of our appreciation, payable by PayPal or check.** The survey can even be completed on your mobile device or you can complete the enclosed hardcopy survey and return it in the provided envelope. Please complete or return the survey by <<early_Web_date>>.

To complete the survey on the web, log on to our secure website at <https://surveys.nces.ed.gov/CSFA> using the Study ID and password below:

Study ID = «caseid»

Password = «password»m (*password is case sensitive*).

You represent many students like you who were not selected for CSFA, and your participation is important to the success of the study. If you have questions, problems completing your survey online, or prefer to complete the survey over the telephone, simply call our **Help Desk** at **1-800-XXX-YYYY**

If you have any other questions or concerns about the study, please contact the CSFA Project Director, Jeff Franklin, at 800-XXX-YYYY, jwf@rti.org, or the NCES Project Officer, Tracy Hunt-White, at 202-245-ZZZZ, Tracy.Hunt-White@ed.gov.

Thank you in advance for making CSFA a success.

Sincerely,
