

**Request for Approval under the “Generic Clearance for the Collection of
Routine Customer Feedback” (OMB Control Number: 1905-0210)**

TITLE OF INFORMATION COLLECTION:

2017 EIA Energy Conference Customer Satisfaction Survey

PURPOSE: The purpose of this survey is to collect feedback from participants at EIA’s Energy Conference to help improve future conferences. We want to find out their overall rating for the conference, whether the fee was worth the value they received from the conference, which parts of the event (speakers and sessions) participants valued, and if they have suggestions for future conferences. While the responses to this survey cannot be claimed as being representative of all participants, EIA hopes to get an understanding of participants’ opinions by obtaining consistent information from a large number of participants. The conference involves several months of planning between all EIA offices within the agency. This will be EIA’s ninth conference and, in the past, we have modified dates, sessions, locations, and food offerings based on informal or sponsor-collected customer feedback. We plan to continue holding these types of events. Thus, we want to find out if participants value this type of event and if they have suggestions for improvements.

DESCRIPTION OF RESPONDENTS:

Respondents will be people who attended EIA’s Energy Conference on June 26-27, 2017
