Report on Form BE-13C if an existing U.S. affiliate of a foreign parent acquires a U.S. business enterprise or segment that it then merges into its operations and the total cost to acquire the business enterprise is greater than \$3 million.

Report on Form BE-13D if an existing U.S. affiliate of a foreign parent expands its operations to include a new facility where business is conducted and the projected total cost of the expansion is greater than \$3 million.

Report on Form BE-13E if the U.S. business enterprise previously filed a BE-13B or BE-13D indicating that the established or expanded entity is still under construction. This form will collect updated cost information and will be collected annually until construction is complete.

- (2) Individuals who reside, or expect to reside, outside their country of citizenship for one year or more are considered to be residents of the country in which they are residing, except as provided in 3 below.

- (4) Individuals and members of their immediate families who reside outside their country of citizenship as a result of employment by the government of that country – diplomats, consular officials, members of the armed forces, etc. – are considered to be residents of their country of citizenship.
