Subject: Quality Insights LAN Member Question

Learning and Action Network (LAN) Member:

One of our Psychiatric Facility LAN Members has asked us to facilitate information sharing on strategies to meet the Timely Transition of Records (TTR) measure. In this light, we are asking you to share your input regarding the following questions.

Has your team implemented best practices to meet the TTR measure? Specifically, how are you meeting all 11 documentation requirements and which EHR do you use to capture this information?

If you are willing to share your team's best practices and strategies for meeting the TTR measure, please respond to me at this e-mail. Responses will be kept anonymous and overall results will be shared with all on this distribution list.
