BILLING NUMBER AND NATIONAL PROVIDER IDENTIFIER INFORMATION

The Medicare Identification Number, often referred to as a Medicare supplier number or Medicare billing number is a generic term for any number other than the National Provider Identifier (NPI) that is used by a DMEPOS supplier to bill the Medicare program.

The National Provider Identifier (NPI) is the standard unique health identifier for health care providers and suppliers and is assigned by the National Plan and Provider Enumeration System (NPPES). **To become a Medicare DMEPOS supplier, you must obtain an NPI and furnish it on this application prior to enrolling in Medicare or when submitting a change to your existing Medicare enrollment information.** Applying for the NPI is a process separate from Medicare enrollment. To obtain an NPI, you may apply online at **https://nppes.cms.hhs.gov**. For more information about NPI enumeration, visit **www.cms.gov/nationalprovidentStand**.

NOTE: The Legal Business Name (LBN) and Tax Identification Number (TIN) that you furnish in Section 1B of this application must be the same LBN and TIN you used to obtain your NPI. Once this information is entered into PECOS from this application, your LBN, TIN and NPI must match exactly in both the Medicare Provider Enrollment Chain and Ownership System and the National Plan and Provider Enumeration System.

SECTION 14: ASSIGNMENT OF DELEGATED OFFICIAL(s) *(Optional)*

A **DELEGATED OFFICIAL** means an individual who is delegated the authority to report changes and updates to the supplier's enrollment record by an authorized official. The delegated official must be an individual with "ownership or control interest in" (as that term is defined in Section 1124(a)(3) of the Social Security Act) or be a W-2 managing employee of the supplier. An independent contractor is not considered employed by the supplier and therefore cannot be a delegated official.

Delegated officials may not delegate their authority to any other individual. Only an authorized official may delegate the authority to make changes and/or updates to the supplier's Medicare enrollment information. Even when delegated officials are reported in this application, the authorized official retains the authority to make changes and/or updates.

You are not required to have a delegated official. However, if no delegated official is assigned, the authorized official(s) will be the only person(s) who can make changes and/or updates to the enrollment information.

The signature of a delegated official shall have the same force and effect as that of an authorized official, and shall legally and financially bind the supplier to the laws, regulations, and program instructions of the Medicare program. By his or her signature, a delegated official certifies that he or she has read the Penalties for Falsifying Information in Section 13 and the Certification Statement in Section 15A and agrees to adhere to all of the stated requirements. The delegated official also certifies that he/she meets the definition of a delegated official. When making changes and/or updates to the supplier's enrollment information, the delegated official certifies that the information provided is true, correct and complete.

The signature of an authorized official in Section 14 constitutes a legal delegation of authority to all delegated official(s) assigned in Section 14. If you are delegating more than two individuals, copy and complete this section for each additional delegated individual.

NOTE: A delegated official who is being removed does not have to sign or date this application.
