MEMORANDUM FOR: REVIEWER of BLS Clearance Packages

FROM: ERICA GROSHEN *Erica Groshen*
 Commissioner for Labor Statistics

Through: Michel Smyth
 DOL Departmental Clearance Officer

SUBJECT: Emergency Clearance for Implementation of Revised CIPSEA
 Pledge for Einstein Implementation

Emergency clearance is being sought for the Bureau of Labor Statistics' (BLS) for the packages below in order to implement revised CIPSEA pledge language which is resulting from the mandatory implementation of Einstein monitoring by the Department of Homeland Security (DHS).

The Cybersecurity Act of 2015 mandates that Federal information systems be protected from malicious activities through cybersecurity screening of transmitted data. The purpose of this request for emergency clearance is to implement a change to the CIPSEA pledge to notify respondents of the Einstein monitoring. The BLS is required to implement Einstein by December 18th in accordance with the law; therefore, the BLS is submitting this Information Collection Request (ICR) to the Office of Management and Budget (OMB) utilizing emergency review procedures in accordance with the PRA95 (P.L. 104-13, 44 U.S.C. Chapter 35) and 5 C.F.R. § 1320.13.

The BLS has consulted with OMB on this request and has OMB approval to initiate the emergency request process. The BLS plans to also submit an ICR seeking comments on the revised pledge language. This ICR will be submitted to OMB under the standard clearance process (although OMB has agreed to an expedited review schedule) and will give the public another chance to comment on this collection.
