### Vessel Response Plan Search

The Oil Pollution Act of 1990 (OPA-90) and the international treaty, MARPOL 73/78, require owners/operators of certain vessels to prepare Vessel Response Plans (VRP) and/or Shipboard Oil Pollution Emergency Plans (SOPEP) approved by the U.S. Coast Guard. In addition, for certain vessels carrying noxious liquid substances, MARPOL 73/78 requires owner/operators to prepare and submit Shipboard Marine Pollution Emergency Plans (SMPEP), effective January 1, 2003. Access to information and key elements contained in those plans is available below.

OMB Approval No. 1625-0066  
Exp. Date: 09/30/2016

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The Coast Guard estimates that the average burden for this report is 10 minutes. You may submit any comments concerning the accuracy of this burden or any suggestions for reducing the burden to: Commandant (CG-CVC-1), U.S. Coast Guard Paperwork Reduction Project (1625-0066), Washington, DC 20593-7581.
