Home

Applications and Notifications

Create, modify, or delete a TSCA Title VI application and/or notification by clicking the 'Applications and Notifications' link.

User Management

Manage the access rights of Supports for each TSCA Title VI form. For every Support the Authorized Official may grant the ability to edit (but not unlock, create, delete, or submit) the form.

Resources

See links to helpful guidance documents and websites for TSCA Title VI.

Authorized Official
An Authorized Official has the ability to create, delete, modify, unlock, and submit TSCA Title VI forms electronically to EPA. The Authorized Official also has the ability to assign Supports to individual forms.

Raise a Bug   CDX Links ▲   CDX Helpdesk: (888) 890-1995

User Management

The Authorized Official is responsible for restricting a Support's access to select forms by assigning or un-assigning them. The Support can access and edit only those forms for which the Authorized Official has granted access. Select a specific form from the Form ID drop-down menu and assign a Support to the form by highlighting the individual and clicking the **Add** button. To un-assign a Support, highlight the individual and click the **Remove** button. To highlight and assign or un-assign multiple Supports, hold down the **Ctrl** or **Shift** keys on the keyboard and click each Support before moving. You must click the **Save** button after each assignment.

Accreditation Body User Interface AB Application Screenshots

Applications and Notifications

- If submitting a form for the first time in the TSCA Title VI application, select a form from the 'Select Form Type' drop-down menu and click the 'Start New Form' button.
- To edit an 'In Progress' form, click the Unique ID link in the Unique ID column in the table below.
- To access and edit a form previously submitted through CDX, unlock the form by clicking the lock icon. All additional changes made to an application and/or notification form will be submitted as an amendment.
  An amendment must be submitted to capture information regarding a change in accreditation status including the suspension, reduction or withdrawal of accreditation.
- To download a copy of record for a submitted form, click the green arrow icon.
- To delete any form that has not yet been submitted, click the delete icon.
- All columns may be sorted by clicking the column header.

Create Passphrase

Please create a passphrase that is at least 8 characters in length and does not exceed 20 characters. To protect your form, your passphrase should contain a combination of letters and numbers. The passphrase you create may include spaces but should not contain special characters (for example, +,?, and *).

New Passphrase

Confirm Passphrase

Continue   Cancel

Your passphrase will be used as an encryption key to protect the contents of your data. Your data cannot be accessed without this passphrase. You are responsible for remembering your passphrase and distributing it to only authorized support(s).

Note: If you lose or forget your passphrase, you will not be able to access your form to print, submit, or make changes. You will need to complete a new Formaldehyde Standards for Composite Wood Products Form and create a new passphrase for the form. For security reasons, the system administrator will not have access to your passphrase and will not be able to retrieve it or reset it.

Raise a Bug   CDX Links ▲   CDX Helpdesk: (888) 890-1995

Recognition Agreement Approval-Laboratory Accreditation Body

I. Purpose

The purpose of this Recognition Agreement between the Environmental Protection Agency's (EPA) Office of Pollution Prevention and Toxics (OPPT) and TEST is to recognize TEST as an EPA Toxic Substances Control Act Title VI Laboratory Accreditation Body (EPA TSCA Title VI Laboratory AB) working in cooperation with the EPA under the TSCA Title VI Third-Party Certification Program. The primary function of an EPA TSCA Title VI Laboratory AB is to provide an impartial verification of the competency of a laboratory or contract laboratory used by an EPA TSCA Title VI Third-Party Certifier (EPA TSCA Title VI TPC), also called a TPC laboratory.

II. Background

The regulations codified at 40 CFR part 770, subpart B, the EPA TSCA Title VI Third-Party Certification Program, establish a third-party certification program that helps ensure that composite wood product producers comply with the formaldehyde emission standards for composite wood products pursuant to the requirements of the Formaldehyde Standards for Composite Wood Products Act, or TSCA Title VI. The regulations codified at 40 CFR part 770, subpart B, establish that all TPC laboratories must be accredited by a Laboratory AB that is recognized by the EPA under TSCA Title VI. In order to qualify and participate in the TSCA Title VI Third-Party Certification Program, a candidate Laboratory AB must apply to the EPA and document that their organization is: (1) a signatory to the International Laboratory Accreditation Cooperation (ILAC) Mutual Recognition Arrangement (MRA), membership in one of the ILAC recognized regional accreditation cooperations, or an equivalent organization as determined by EPA, (2) in conformance with ISO/IEC 17011:2004(E), (3) competent to perform accreditation activities for laboratory accreditation according to ISO/IEC 17025:2005(E) and (4) competent to ensure EPA TSCA Title VI TPC inspection activities are in conformance with ISO/IEC 17020:2012(E). Once a candidate Laboratory AB is deemed qualified by the EPA, EPA will enter into a Recognition Agreement with the Laboratory AB, thereby establishing them as an EPA TSCA Title VI Laboratory AB.

III. Definitions

The following definitions can also be found in 40 CFR 770.3.

Accreditation Body or AB means an organization that provides an impartial verification of the competency of conformity assessment bodies or TPCs.
EPA TSCA Title VI Laboratory Accreditation Body or EPA TSCA Title VI Laboratory AB means an AB that has a recognition agreement with EPA under the EPA TSCA Title VI Third-Party Certification Program, accredits a TPC's testing laboratory or contract testing laboratory to ISO/ IEC 17025:2005(E) with a scope of accreditation to include 40 CFR part 770 and the formaldehyde test methods used to comply with 40 CFR part 770, and assesses the testing laboratory's conformance to ISO/IEC 17020:2012(E) in order to perform laboratory testing services.
EPA TSCA Title VI Third-Party Certifier or EPA TSCA Title VI TPC means a conformity assessment body that provides both product certification services and laboratory testing services (either directly or through contracted services), is accredited by an EPA TSCA Title VI Laboratory AB and an EPA TSCA Title VI Laboratory AB (unless the laboratory testing services are contracted to a laboratory accredited by an EPA TSCA Title VI Laboratory AB), and is recognized by EPA pursuant to 40 CFR 770.7(c).
TPC laboratory means a laboratory or contract laboratory of an EPA TSCA Title VI TPC that is accredited by an EPA TSCA Title VI Laboratory AB to ISO/IEC 17025:2005(E), and whose inspection activities are in conformance with ISO/IEC 17020:2012(E).
Laboratory Accreditation Body or Laboratory AB means an AB that accredits conformity assessment body testing laboratories.

  - Recognition Agreement Approval – Product Accreditation Body

IV. Authority

Under TSCA Title VI, EPA must promulgate regulations to implement the formaldehyde emission standards in a manner that ensures compliance with those standards, including provisions related to a third-party testing and certification program. In exercising its discretion under the Act, EPA required that laboratory participants of the EPA TSCA Title VI Third-Party Certification Program be accredited by accreditation bodies recognized by EPA. Pursuant to the regulations at 40 CFR part 770, subpart B and as outlined in the Recognition Agreements, EPA TSCA Title VI Laboratory ABs will accredit laboratories for participation in the EPA TSCA Title VI Third-Party Certification Program and provide an impartial verification of the competency of laboratories or contract laboratories used by TPCs.

V. Basis and Substance of Understanding

After reviewing the information submitted by TEST pursuant to 40 CFR 770.7(b)(2), the EPA has determined that TEST meets the requirements for recognition under the EPA TSCA Title VI Third-Party Certification Program and is deemed an EPA TSCA Title VI Laboratory AB.

Pursuant to 40 CFR part 770, subpart B, TEST agrees to:

1. Act in accordance with all provisions and requirements listed under the EPA TSCA Title VI Laboratory AB responsibilities at 40 CFR 770.7(b)(4)-(5) including notifications to the EPA for the activities listed in 40 CFR 770.7(a)(5)(v); and
2. Electronically report through the EPA's Central Data Exchange (CDX) at https://cdx.epa.gov/ for any reporting requirements listed under 40 CFR 770.7(a). If the CDX database becomes unavailable for any reason, EPA will provide an alternate electronic reporting method and notify the EPA TSCA Title VI Product ABs of how to access the alternate method.

Pursuant to 40 CFR part 770, subpart B, the Office of Pollution Prevention and Toxics as the overseeing EPA Office for the EPA TSCA Title VI Third-Party Certification Program agrees to:

1. Recognize TEST as an EPA TSCA Title VI Laboratory AB under the EPA TSCA Title VI Third-Party Certification Program; and
2. Provide guidance and interpretation, if requested and to the extent possible, on the EPA TSCA Title VI Third-Party Certification Program protocols and requirements, and provide notice to TEST when the EPA TSCA Title VI Third-Party Certification Program protocols, requirements, and performance standards have been amended including those listed at 40 CFR 770.7(b)(4)-(5).

VI. Duration of Recognition Agreement

This Recognition Agreement shall be valid for three years as stated in 40 CFR 770.7(b)(3) and is subject to the renewal provisions stated therein.

VII. Management and Implementation

The TSCA Title VI Third-Party Certification Program is managed as a part of the EPA OPPT National Program Chemicals Division (NPCD) Formaldehyde Program. The responsibility for implementing and support of the program lies with NPCD personnel. Inquiries concerning the EPA TSCA Title VI Third-Party Certification Program and this Recognition Agreement can be addressed to the NPCD Implementation Officer for Recognition Agreements at:

TSCATitleVI-AB@epa.gov

VIII. Funding

All costs incurred by TEST to implement all provisions of this Recognition Agreement are the responsibility of TEST. Nothing in this Recognition Agreement shall be interpreted to constrain TEST's discretion to recover any costs by assessing fees to EPA TSCA Title VI TPCs and/or TPC laboratories for its services.

IX. Revision or Termination

This Recognition Agreement shall be effective upon signature, and shall remain effective for three years, after which time the EPA TSCA Title VI Laboratory AB will need to apply to renew the Recognition Agreement via the CDX database to renew its recognition in accordance with 40 CFR 770.7(b)(3). If the CDX database becomes unavailable for any reason, EPA will provide an alternate electronic reporting method and notify the EPA TSCA Title VI Laboratory ABs of how to access the alternate method. Should issues arise concerning the Recognition Agreement, the parties agree to seek resolution of any dispute through good faith discussions. The Recognition Agreement may be amended by agreement of both parties at any time prior to its expiration or termination. The Recognition Agreement may be terminated at any time with prompt written notice by TEST. EPA may also suspend, revoke, or modify the Recognition Agreement pursuant to 40 CFR 770.7(e)(2).

X. Notice of EPA's Authority

Nothing in this agreement shall be interpreted to curtail EPA's authority to independently revoke the recognition of any EPA TSCA Title VI TPC, inspect any EPA TSCA Title VI TPC, or otherwise enforce TSCA Title VI.

XI. Implementation Officers for Recognition Agreements

Whenever this Recognition Agreement provides for notice, such notice may be satisfied upon delivery electronically via CDX to the

Recognition Agreement Approval-Product Accreditation Body

I. Purpose

The purpose of this Recognition Agreement between the Environmental Protection Agency's (EPA) Office of Pollution Prevention and Toxics (OPPT) and TEST is to recognize TEST as an EPA Toxic Substances Control Act Title VI Product Accreditation Body (EPA TSCA Title VI Product AB) working in cooperation with the EPA under the TSCA Title VI Third-Party Certification Program. The primary function of an EPA TSCA Title VI Product AB is to provide an impartial verification of the competency of EPA TSCA Title VI Third-Party Certifiers (EPA TSCA Title VI TPCs).

II. Background

The regulations codified at 40 CFR part 770, subpart B, the EPA TSCA Title VI Third-Party Certification Program, establish a third-party certification program that helps ensure that composite wood product producers comply with the formaldehyde emission standards for composite wood products pursuant to the requirements of the Formaldehyde Standards for Composite Wood Products Act, or TSCA Title VI. The regulations codified at 40 CFR part 770, subpart B, establish that all EPA TSCA Title VI TPCs must be accredited by a Product AB that is recognized by the EPA under TSCA Title VI. In order to qualify and participate in the TSCA Title VI Third-Party Certification Program, a candidate Product AB must apply to the EPA and document that their organization is: (1) a signatory to the International Accreditation Forum, Inc.(IAF) Multilateral Recognition Arrangement (MLA) through level three, membership in one of the IAF recognized regional accreditation cooperations, or an equivalent organization as determined by EPA, (2) in conformance with ISO/IEC 17011:2004(E) and (3) competent to perform accreditation activities for product certification according to ISO/IEC 17065:2012(E). Once a candidate Product AB is deemed qualified by the EPA, EPA will enter into a Recognition Agreement with the Product AB, thereby establishing them as an EPA TSCA Title VI Product AB.

III. Definitions

The following definitions can also be found in 40 CFR 770.3.

Accreditation Body or AB means an organization that provides an impartial verification of the competency of conformity assessment bodies/TPCs.
EPA TSCA Title VI Product Accreditation Body or EPA TSCA Title VI Product AB means an AB that has a recognition agreement with EPA under the TSCA Title VI Third-Party Certification Program, accredits a TPC to ISO/IEC 17065:2012(E) with a scope of accreditation to include composite wood products and 40 CFR part 770, and assesses the TPC's conformance to ISO/IEC 17020:2012(E) in order to perform product certification.
EPA TSCA Title VI Third-Party Certifier or EPA TSCA Title VI TPC means a conformity assessment body that provides both product certification services and laboratory testing services (either directly or through contracted services), is accredited by an EPA TSCA Title VI Product AB and an EPA TSCA Title VI Laboratory AB (unless the laboratory testing services are contracted to a laboratory accredited by an EPA TSCA Title VI Laboratory AB), and is recognized by EPA pursuant to 40 CFR 770.7(c)(1).
Product Accreditation Body or Product AB means an AB that accredits conformity assessment bodies who perform product certification.

IV. Authority

Under TSCA Title VI, EPA must promulgate regulations to implement the formaldehyde emission standards in a manner that ensures compliance with those standards, including provisions related to a third-party testing and certification program. In exercising its discretion under the Act, EPA required that TPC participants of the EPA TSCA Title VI Third-Party Certification Program be accredited by accreditation bodies recognized by EPA. Pursuant to the regulations at 40 CFR part 770, subpart B and as outlined in the Recognition Agreements, EPA TSCA Title VI Product ABs will accredit TPCs for participation in the EPA TSCA Title VI Third-Party Certification Program and provide an impartial verification of the competency of TPCs.

V. Basis and Substance of Understanding

After reviewing the information submitted by TEST pursuant to 40 CFR 770.7(a)(2), the EPA has determined that TEST meets the requirements for recognition under the EPA TSCA Title VI Third-Party Certification Program and is deemed an EPA TSCA Title VI Product AB.

Pursuant to 40 CFR part 770, subpart B, TEST agrees to:

1. Act in accordance with all provisions and requirements listed under the EPA TSCA Title VI Product AB responsibilities at 40 CFR 770.7(a)(4)-(5) including notifications to the EPA for the activities listed in 40 CFR 770.7(a)(5)(iv); and
2. Electronically report through the EPA's Central Data Exchange (CDX) at https://cdx.epa.gov/ for any reporting requirements listed under 40 CFR 770.7(a). If the CDX database becomes unavailable for any reason, EPA will provide an alternate electronic reporting method and notify the EPA TSCA Title VI Product ABs of how to access the alternate method.

Pursuant to 40 CFR part 770, subpart B, the Office of Pollution Prevention and Toxics as the overseeing EPA Office for the EPA TSCA Title VI Third-Party Certification Program agrees to:

1. Recognize TEST as an EPA TSCA Title VI Product AB under the EPA TSCA Title VI Third-Party Certification Program; and
2. Provide guidance and interpretation, if requested and to the extent possible, on the EPA TSCA Title VI Third-Party Certification Program protocols and requirements, and provide notice to TEST when the EPA TSCA Title VI Third-Party Certification Program protocols, requirements, and performance standards have been amended including those listed at 40 CFR 770.7(a)(4) and (5).

VI. Duration of Recognition Agreement

This Recognition Agreement shall be valid for three years as stated in 40 CFR 770.7(a)(3) and is subject to the renewal provisions stated therein.

VII. Management and Implementation

The TSCA Title VI Third-Party Certification Program is managed as a part of the EPA OPPT National Program Chemicals Division (NPCD) Formaldehyde Program.

The responsibility for implementing and support of the program lies with NPCD personnel.

- 📄 US Agent Information
- 📄 Recognition Agreement
  Approval – Laboratory
  Accreditation Body
- 📄 Recognition Agreement
  Approval – Product
  Accreditation Body

Recognition Agreement, the parties agree to seek resolution of any dispute through good faith discussions. The Recognition Agreement may be amended by agreement of both parties at any time prior to its expiration or termination. The Recognition Agreement may be terminated at any time with prompt written notice by TEST. EPA may also suspend, revoke, or modify the Recognition Agreement pursuant to 40 CFR 770.7(e)(2).

X. Notice of EPA's Authority

Nothing in this agreement shall be interpreted to curtail EPA's authority to independently revoke the recognition of any EPA TSCA Title VI TPC, inspect any EPA TSCA Title VI TPC, or otherwise enforce TSCA Title VI.

XI. Implementation Officers for Recognition Agreements

Whenever this Recognition Agreement provides for notice, such notice may be satisfied upon delivery electronically via CDX to the respective EPA and Product AB Implementation Officers listed below:

Fiber and Organics Branch Chief   Test User
U.S. Environmental Protection Agency   TEST
OPPT/NPCD (7404T)   TEST
1200 Pennsylvania Avenue, N.W.   , TEST 00000
Washington, DC 20460
Via CDX https://cdx.epa.gov/

Organizational Approval

The following decision officials are authorized to enter into the TSCA Title VI Third-Party Certification Program Recognition Agreements between EPA and TEST:

Decision Official on Behalf of EPA/OPPT/NPCD

Director of National Program Chemicals Division

Primary Authorized Official on Behalf of TEST

Test User

☑ I have read, understand, and accept the terms and conditions outlined in the above recognition agreement.

☑ I affirm that upon receiving recognition from the EPA, I will act impartially when performing activities under the EPA TSCA Title VI Third-Party Certification Program, ensuring that an accreditation decision regarding a TPC is made by persons different from those who conducted the assessment of the TPC and ensuring that the AB's personnel who assesses TPCs or makes decisions regarding accreditation do not receive financial benefit from the outcome of an accreditation decision.

📁 Accreditation Body Registration
- 📄 Amendment
- 📄 Organization Information
- 📄 Point of Contact
- 📄 Recognition Agreement
  Approval – Laboratory
  Accreditation Body
- 📄 Recognition Agreement
  Approval – Product
  Accreditation Body

Select the below checkbox and submit the form to indicate that this amendment is a renewal application.

☐ Renewal Application

Select the below checkbox and submit the form to voluntarily withdraw your Accreditation Body from the TSCA Title VI Third-Party Certification program. You may also enter information describing your reason for withdrawal, but it is not required to submit the form.

☑ Accreditation Body Voluntary Withdrawal
Reason for Withdrawal (Optional):

Test reason for withdrawal.

Accreditation Bodies are required to report to EPA within five (5) business days of when they lose their status as a signatory to the ILAC MRA, status as a signatory to the IAF MLA, or lose their membership in an equivalent organization. Select the below checkbox, enter the date of the loss in the below field, and submit the form if your Accreditation Body has lost its signatory status or membership.

☑ Date of Loss of Signatory Status   ☑ CBI

Date of Loss of   08/11/201 📅
Signatory Status

Justification for Loss of Signatory Status CBI

Test justification.

To amend a submitted form, please indicate any changes from the previous application in the text area below and navigate to the appropriate section of the form to make the changes listed. After making all necessary changes, click the 'Submit' button in the bottom action bar to resubmit the form.

Changed Fields:

Test changed fields.

Annual Reports

- If submitting an Annual Report for the first time in the TSCA Title VI application, select a form from the "Select Annual Report Type" drop-down menu and click the "Start New Annual Report" button.
- To edit an In Progress Annual Report, click the Unique ID link in the Unique ID column in the table below.
- To access and edit an Annual Report previously submitted through CDX, unlock the Annual Report by clicking the lock icon. All additional changes made to an Annual Report will be submitted as an amendment.
- To download a copy of record for a submitted form, click the green arrow icon.
- To delete any Annual Report that has not yet been submitted, click the delete icon.
- All columns may be sorted by clicking the column header.

Certify

I hereby certify to the best of my knowledge and belief that all information entered on this form is complete and accurate. I further certify that, pursuant to 15 U.S.C. § 2613(c), for all claims for confidentiality made with this submission, all information submitted to substantiate such claims is true and correct, and that it is true and correct that:

(i) My company has taken reasonable measures to protect the confidentiality of the information;
(ii) I have determined that the information is not required to be disclosed or otherwise made available to the public under any other Federal law;
(iii) I have a reasonable basis to conclude that disclosure of the information is likely to cause substantial harm to the competitive position of the person; and
(iv) I have a reasonable basis to believe that the information is not readily discoverable through reverse engineering.

Any knowing and willful misrepresentation is subject to criminal penalty pursuant to 18 U.S.C. § 1001.
