IV. Risk Assessment (to be completed by the regional manager)

٦

۱.	Is the proposed adjustment level one or level two? (If level one, do not complete the remainder of Section IV.)			
3.	Review the request and evaluate the proposed adjustment against the risk factors below:			
	1.	Could the proposed adjustment negatively impact effective project delivery, such as safety, effective interna controls, and/or quality control and assurance?		
	2.	Could the adjustment negatively affect the public benefits expected from the project?		
	3.	Does the grantee have a history of performance concerns or non-compliance issues that may indicate an inability to effectively mitigate or manage risk, such as substantive monitoring findings?		
	4.	Does the proposed adjustment conflict with existing requirements of the NGA, including its terms and conditions?		
	5.	Does this adjustment constitute a change of scope or significantly affect the schedule or budget?		

		Describe the risk mitigation strategy(s), if any, that will be applied to this grant as a result of the adjustment. Risk mitigation is required for adjustments described in Question C above.
		Move to reimbursable payments (if previously on advanced payment)
		Require additional or more detailed reporting requirements
		Require increased/changed project deliverables or grantee assurances
		Require enhanced FRA or grantee monitoring
		Establish approval thresholds
		Require grantee to obtain or offer technical assistance to sub grantee(s)
		Other (if so, explain):
		If none are selected, explain why a risk mitigation strategy is not necessary:
