¹ The follow-up questions in the 2011 survey instrument (Q62 – Q68) are on pages 42 and 43 of the 2011 instrument. They were asked in connection with the various frauds as appropriate and responses were collected separately for each type of fraud. In the new proposed survey instrument, the questions are written out separately for each fraud, with the follow-ons being odd-numbered questions, *e.g.*, Q7_1 – Q7_11. As in the previous survey, not all of the follow-up questions were asked for frauds where some of the questions did not seem appropriate. In addition, in some cases, the questions are asked in a different order than in others.

Changes to these questions are as noted below, using the Q7 series for reference:

Q7_1 Added “from a friend or family member” as a response option, changed “from a telemarketer” to “from a telephone call (telemarketer)

Q7_9 – Q7_9a Questions about how a payment was made to include additional payment methods and to collect additional detail about payments made by wire transfer.

Q7_10 Language was altered to make clear that we are interested in informal complaints as well as formal ones.

In addition, questions that asked about attempts to get a person to pay – Q64b – Q65b (pp. 43 – 44 in the 2011 survey) were eliminated.
