

Subject: Request for an emergency extension for use of the SF 85

From: Donna L. McLeod, Executive Program Manager Policy, and Strategy & Business Transformation

Office of Personnel Management- National Background Investigations Bureau

Date: November 22, 2016

Request submitted for emergency extension for continued use of the SF 85. The form is due to expire on December 31, 2016. Emergency extension requested for reason noted below.

Proposed changes to other Standard Forms will impact changes required to the SF 85. Specifically OPM has made recent changes to the Systems of Records Notice which will require modification to the routine uses as shown on the form. For this reason, an emergency extension is requested to allow adequate time to process changes to other forms and to consider inclusion on the SF 85, where appropriate.

Requested expiration date: 6 months from approved.
