Instructions: This directory ONLY captures facilities where licensed audiologists are providing diagnostic assessment and/or device services (e.g. hearing aids, cochlear implants, baha, earmolds) to children age 0 to 5 years. Please check these boxes in order to indicate that your facility (a) includes licensed audiologists AND (b) provides diagnostic assessment or hearing aid services to children five years of age or younger.

Participation in the EHDI-PALS facility survey is voluntary. You can choose to stop at any time and return later to complete the survey. Should you wish to have your facility removed from the EHDI-PALS directory, simply email ehdi-pals@maine.edu with your name, your facility name, and contact information. A verification email will be sent to the point of contact for your facility prior to its removal.

Please note that starred ("*") items require a response.

*** Does this facility for which you are completing the survey provide services to children under the age of 5 years?**

Yes
 No

*** In your facility, do the audiologists who provide services to children hold current and appropriate state licenses?**

Yes
 No

Public reporting burden of this collection of information is estimated to average 9 minutes, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0955)

4. Reporting to other agency

Your answer to the following question will not impact your inclusion in the EHDI-PALS facility directory.

*** How often do you typically report findings to your state/territory newborn hearing screening (EHDI) program? (select one)**

- We report more than 2/3 of cases
- We report less than 2/3 of cases

Next

4. Reporting to other agency

Your answer to the following question will not impact your inclusion in the EHDI-PALS facility directory.

* Which of the following best describes the type of cases you typically report (choose all that apply)

- Transient conductive hearing loss
- Normal hearing findings
- Suspected normal hearing
- Confirmed permanent hearing loss
- Suspected hearing loss
- Incomplete test result
- Hearing screening results
- Hearing aid fitting and/or cochlear implantation

* Do you send updates when there is a change in hearing (resolved, improved, worsened or change in the type of hearing loss)?

- Yes
- No

* If your facility provides audiologic services to an out-of-state child, do you typically report results to the other state's newborn hearing screening (EHDI) program?

- Yes
- No

* Do you know the risk factors for late-onset hearing loss in children described by the Joint Committee on Infant Hearing (JCIH)?

- Yes
- No

* Which of the following best describes American Sign Language (ASL) service availability at your facility:

- Bilingual audiologist fluent in ASL on-site
- On site ASL interpreter available
- ASL interpreter available upon request
- Cannot provide ASL interpreter service

Is your facility wheelchair accessible?

- Yes
- No

EHDI-PALS Facility Survey

15. Hours and Scheduling

Your answer to the following questions will not impact your inclusion in the EHDI-PALS facility listing.

* Typical wait time for an appointment:

Infant diagnostic evaluation	1-2 weeks
Behavioral testing	3-4 weeks
Hearing aid evaluation	1-2 weeks
Cochlear implant candidacy	5-8 weeks

In addition to the first available appointment, the healthcare industry often likes to measure average wait time by looking at the third available appointment. How long is the typical wait time for patients to access the third available appointment?

Infant diagnostic evaluation	5-8 weeks
Behavioral testing	5-8 weeks
Hearing aid evaluation	5-8 weeks
Cochlear implant candidacy	5-8 weeks

Do you have weeknight and/or weekend hours?

- Yes
 No
