

SSA will insert the following revised Privacy Act Statement into the form as soon as possible:

**PRIVACY ACT STATEMENT
Collection and Use of Personal Information**

Section 202(o) and 205(a) of the Social Security Act, as amended, allows us to collect this information. Furnishing us this information is voluntary. However, failing to provide all or part of the information may prevent an accurate and timely decision on your claim or could result in the loss of some benefits or insurance coverage.

We will use the information you provide to determine whether social security benefits may be payable to a survivor of a veteran. We may also share this information for the following purposes, called routine uses:

1. To third party contacts that may have information relevant to the Social Security Administration's establishment or verification of information provided by representative payees or payee; and
2. To Federal, State, or local agencies (or agents on their behalf) for administering income maintenance or health maintenance programs (including programs under the Social Security Act).

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared to other records to establish or verify a person's eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notice (SORN), 60-0089, entitled Claims File System, and SORN 60-0090, entitled Master Beneficiary Record. Additional information and a full listing of all our SORNs are available on our website at www.socialsecurity.gov/foia/bluebook.
