INT2. Thank you for filling out this survey. [As you may remember, the/The] purpose of this study is to learn more about families in the Head Start Program. [(IF SPRING 2016 AND NO PREVIOUS INTERVIEW) When we spoke to parents from [CHILD]'s Head Start program last fall we were unable to interview you.]

We also want to learn more about the program [CHILD] attends. This will help us understand Head Start from a parent's point of view, including some information about your child's home environment. Information from this study will be used to help Head Start better serve all children and their families.

Your answers to the survey questions are private to the extent permitted by law. Neither your name nor [CHILD]'s name will be attached to any of the information you give us. All of the study results will be reported for groups of parents; no results will be analyzed or reported for individuals. If you are uncomfortable answering any questions, you may skip them and move on to the next question.

Your participation is completely voluntary. If you choose not to fill out this survey, it will not affect you or your child's participation in the Head Start Program or any of the services that you or your child receives. Your answers are very important, so please be as accurate as possible. Occasionally, you may be asked a question that does not apply to you or that you may not want to answer. If that happens, you can move on to the next question.
