PART I: BACKGROUND INFORMATION

SUMMARY: Section 107(a) of the Child Abuse Prevention and Treatment Act (P.L. 111-320) (the Act) authorizes grants to States for the purpose of assisting States in developing, establishing and operating programs designed to improve: (1) the assessment and investigation of suspected child abuse and neglect cases, including cases of suspected child sexual abuse and exploitation, in a manner that limits additional trauma to the child and the child's family; (2) the assessment and investigation of cases of suspected child abuse-related fatalities and suspected child neglect-related fatalities; (3) the investigation and prosecution of cases of child abuse and neglect, including child sexual abuse and exploitation; and (4) the assessment and investigation of cases involving children with disabilities or serious health-related problems who are suspected victims of child abuse or neglect.

The term "State" as used in Section 3 (7) of the Act includes each of the States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa and the Commonwealth of the Northern Mariana Islands. In FY 2015, 50 States, including the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa and the Commonwealth of the Northern Mariana Islands were deemed eligible for grants from funds deposited in the Crime Victims Fund, for a total of \$17,000,000.

Since the Virgin Islands, Guam, American Samoa and the Northern Mariana Islands may submit consolidated grant applications in accordance with 45 CFR Part 97, these jurisdictions need not submit an application under this Program Instruction (PI) if they choose to have their allotments included in a consolidated grant and to expend these funds under the authority of another program that is available for consolidation.

PURPOSE: The purpose of this PI is to set forth the eligibility requirements and the grant application procedures for FY 2016 Children's Justice Act (CJA) grants and to provide the tentative State allocation table.

INFORMATION:

Annual Reporting Requirements

Financial Reporting

Federal funds awarded through these grants must be expended for the purposes for which they were awarded and within the time period allotted, in accordance with the deadlines discussed below.

1. Funding (Project) Period/Obligation Deadline (10/01/2015 – 09/30/2018). The grantee must submit an annual Financial Status Report, using Standard Form 425 (Form SF-425), within 90 days of the end of each 12 months of the three-year obligation/liquidation period.
2. Liquidation Deadline (12/30/2018). All obligated Federal funds awarded under this grant must be liquidated no later than 90 days after the end of the funding/obligation period (i.e., December 30 following the end of Federal Fiscal Year 3). Any Federal funds from this award not liquidated by this date will be recouped by this Department.
3. Federal Financial Reporting System. Form SF-425, “Federal Financial Report.” Effective October 1, 2013 – It is mandatory that grantees enter their expenditures into the Online Data Collection (OLDC) system. ACF will no longer accept paper submissions of any expenditure reports either by mail, email or fax. The OLDC web address is <https://extranet.acf.hhs.gov/oldcdocs/materials.html>. To sign up for access to OLDC, send an email request to Matthew McMahon at matthew.mcmahon@acf.hhs.gov.
4. Submission Schedule: Annual. Each annual report must be submitted within 90 days following the end of each Federal Fiscal Year.
 - (a) An Interim report (covering Year 1 thru Year 2 of the project period) is due 90 days following the end of the Federal Fiscal Year: **12/30/2016 and 12/30/2017**.
 - (b) A Final report (cumulative, covering the entire 3-year project period 10/01/2015 – 09/30/2018) is due 90 days following the end of Federal Fiscal Year (**12/30/2018**).

Program Performance Reports

Program Performance Reports are required once a year as part of the grant application. (See instructions under Part C, PROGRAM DESCRIPTION INSTRUCTIONS on pages 17-18.)

Three-year Assessment Requirement

Section 107(d) of the Act requires the State Task Force (see State Task Force requirements on page 13) to undertake a comprehensive review and evaluation of the investigative, administrative and judicial handling of cases of child abuse and neglect and to make training and policy recommendations in each of the three categories in Section 107(e)(1) (A), (B) and (C). The State Task Force assessment (review, evaluation and recommendations) is required for an initial application and **at three-year intervals thereafter.**

The assessment must include a report clearly outlining the *review, evaluation, and recommendations* in all the areas required in Section 107(e)(1)(A), (B) and (C). See required areas on pages 7-8.

The report must detail the process used by the State to conduct and complete the Three-year Assessment. The review and evaluation should build on prior assessments and note system improvements related to prior work. The review must outline proposed policy and training recommendations.

Additional information: The report may also include any other relevant comments and recommendations. States may identify numerous training and policy recommendations and choose to prioritize certain recommendations to be supported by CJA funding.

States which established their eligibility and first received funding **in FY 2013**, and States which completed the three-year assessment requirement and received funding **in FY 2013**, must **include in their FY 2016 application** documentation that the State Task Force complied with the requirement for a State Task Force study at three-year intervals. Those States are:

District of Columbia
Indiana
Maine
Michigan
Missouri
Nebraska
North Dakota
West Virginia
Wisconsin

Grant Administration Regulations

The regulations which apply to the administration of these grants are contained in 45 CFR Part 92, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," (see website link on page 17 for a copy of 45 CFR Part 92 revised regulations).

EXPENDITURE OF FUNDS:

States are encouraged to obligate (establish binding contracts and sign them) CJA Federal funds in one year but are required to obligate and liquidate (spend) CJA funds no later than two years after the end of the fiscal year in which the funds are awarded. Grantees have until December 30, 2018 to liquidate FY 2016 CJA funds. This December 30, 2018 deadline is to assist grantees in paying invoices for services completed, but invoiced by end of the year (September 30, 2018). A negative grant award will be issued for any

unobligated or unliquidated balances reported as of December 30, 2018, and returned to the Treasury.

States must obligate all FY 2016 CJA funds by September 30, 2018. States must liquidate all FY 2016 CJA funds by December 30, 2018.

States must obligate all FY 2015 CJA funds by September 30, 2017. States must liquidate all FY 2015 CJA funds by December 30, 2017.

States must obligate all FY 2014 CJA funds by September 30, 2016. States must liquidate all FY 2014 CJA funds by December 30, 2016.

No-cost extension requests will not be approved except in the event of a natural occurrence of destruction or distress. These circumstances are defined in 45 CFR § 95.22. (See Appendix).

Those States requesting an extension due to a natural occurrence of destruction or distress are to provide a written request, explaining the amount of money that remains to be liquidated and the circumstances for such an extension to: Rafael López, Commissioner, Administration on Children, Youth and Families (ACYF), **Attn: Children's Bureau, Administration on Children, Youth and Families, Mary E. Switzer Building, 330 C Street, SW, 3rd Floor, Washington, D.C. 20201,** no later than **November 1, 2016.**

Note: The Office of Grants Management is pleased to work with grantees needing guidance in the obligation and liquidation of funds according to the terms and conditions of their grant award.

AVAILABILITY AND ALLOCATION OF FUNDS:

Funding for the CJA program is available from the Crime Victims Fund. Legislation requires in any fiscal year that funds be made available to the Department of Health and Human Services for CJA grants to the States, except that 15 percent will be reserved by the Attorney General for CJA grants to Native American Tribes. With the enactment of the Child Abuse Prevention and Enforcement Act (CAPE) in March 2000, the amount transferred to ACF is capped at \$17,000,000. The total funding available for the CJA grants is \$17,000,000.

Funds will be allocated to States based on a formula similar to that used in distributing the CAPTA State grants, i.e., a base amount of \$50,000 will be awarded to each State; an additional amount will be awarded bearing the same ratio to the total funds remaining as the number of children under the age of 18 in each State bears to the total number of children under 18 in all the States.

The tentative FY 2016 allocation for each State is shown in Attachment 1 on pages 21-22.

Excess Funds

Any excess funds resulting from States not meeting the eligibility requirements will be awarded to eligible States on a pro rata share basis. When a State receives more than their tentative allocation, **supplemental information to explain the State's use of these additional funds should be submitted in the form of a letter to Rafael López, Commissioner, Administration on Children, Youth and Families (ACYF), Mary E. Switzer Building, 330 C Street, SW, 3rd Floor, Washington, D.C. 20201** no later than **November 29, 2016**.

The use of excess funds must conform to the guidelines contained in this PI.

FUNDING PROJECTS AND ACTIVITIES:

In accordance with Section 107(a) of CAPTA, grants awarded are to be used to develop, establish and operate programs designed to improve:

1. the assessment and investigation of suspected child abuse and neglect cases, including cases of suspected child sexual abuse and exploitation, in a manner that limits additional trauma to the child and the child's family;
2. the assessment and investigation of cases of suspected child abuse-related fatalities and suspected child neglect-related fatalities;
3. the investigation and prosecution of cases of child abuse and neglect, including child sexual abuse and exploitation; and
4. the assessment and investigation of cases involving children with disabilities or serious health-related problems who are suspected victims of child abuse or neglect.

Required Categories/Areas for Use of CJA Funds

In particular grant funds should be used to implement State Task Force recommendations in the following three categories (the three categories from Section 107(e)(1)(A) (B) and (C)) of the Act:

- A. investigative, administrative, and judicial handling of cases of child abuse and neglect, including child sexual abuse and exploitation, as well as cases involving suspected child maltreatment related fatalities and cases involving a potential combination of jurisdictions, such as interstate, Federal-State, and State-Tribal, in a manner which reduces the additional trauma to the child victim and

the victim's family and which also ensures procedural fairness to the accused;

- B. experimental, model, and demonstration programs for testing innovative approaches and techniques which may improve the prompt and successful resolution of civil and criminal court proceedings or enhance the effectiveness of judicial and administrative action in child abuse and neglect cases, particularly child sexual abuse and exploitation cases, including the enhancement of performance of court-appointed attorneys and guardians ad litem for children, and which also ensure procedural fairness to the accused; and
- C. reform of State laws, ordinances, regulations, protocols and procedures to provide comprehensive protection for children from abuse, including sexual abuse and exploitation, while ensuring fairness to all affected persons.

CJA funds should be used for programs to reform State systems and improve the processes by which States respond to cases of child abuse and neglect, including child sexual abuse and exploitation and cases of suspected child abuse or neglect related fatalities. This will enable States to deal more effectively with both the child victim and the offender and to limit additional trauma to the child victim.

The on-going activities of a State Task Force in monitoring implementation of its recommendations and continuing interagency collaboration in carrying out the intent of the Act may be supported with these funds. **Supporting child abuse prevention programs or treatment services is not an appropriate use of CJA funds.**

CJA funds are to be primarily focused on the front-end, intake and investigative piece of child welfare. Projects selected by State Task Forces should be mindful that funds must be spent to support efforts at this point in a child welfare case.

Examples of CJA-supported Activities Include:

- Developing curricula and conducting training for personnel in law enforcement and child protective services, as well as health and mental health professionals, prosecutors and judges. This may include attention to issues of trafficking and exploitation within child welfare.
- Establishing or enhancing child advocacy centers and other multidisciplinary programs to serve child victims and their families in order to minimize trauma.

- Establishing and supporting local and/or State child fatality review teams, including multidisciplinary training, team development, and annual reporting.
- Supporting the enactment of laws to improve system response, including allowing the admission of indirect testimony of children into evidence, making the courtroom setting less intimidating to children, increasing the penalties for sexual offenses against children, requiring mandatory sentencing, shortening the trial process and permitting victims to make statements prior to sentencing.
- The on-going activities of a State Task Force in monitoring implementation of its recommendations and continuing interagency collaboration in carrying out the intent of the Act may be supported with these funds.

Trafficking

This Administration has increased its attention on the issue of Human Trafficking. The Children's Bureau, along with the Administration on Children, Youth and Families (ACYF), continues to focus efforts at the intersection of trafficking and child welfare. In 2014, 9 discretionary awards were made to grantees focused at addressing trafficking within the child welfare population (information available at <http://www.acf.hhs.gov/programs/cb/resource/discretionary-grant-awards-2014>). In the funding announcement for these grants was mention of collaboration and coordination with CJA work and State Task Forces. The Children's Bureau is committed to supporting the work of States to address trafficking and exploitation.

The Children's Justice Act specifically mentions the issue of exploitation in Section 107 of CAPTA. CJA State Task Forces have directed CJA funds to projects to address exploitation and trafficking. Projects responding to trafficking must be focused on systems improvement in response to cases of child maltreatment. Examples of appropriate use of CJA funds in this area include: trainings on recognizing trafficked or exploited children for first responders, training/collaborative efforts between child protective services and law enforcement, and/or development of procedures or a resource (tool kit) for professionals to address trafficking or exploitation. Other areas might focus on policies and procedures to promote successful prosecution of the traffickers/exploiters and ways to reduce child victim trauma.

Funds should be used for programs to reform State systems and improve the processes by which States respond to cases of child abuse and neglect, including child sexual abuse and exploitation and cases of suspected child abuse or neglect related fatalities. This will enable States to deal more effectively with both the child victim and the offender and to limit additional trauma to the child victim.

Linkage to the Child and Family Services Review (CFSR) and Continuous Quality Improvement Work

The Children's Bureau is focusing efforts on the Child and Family Services Review and the connection of formula grants to this work. The CFSR is the process the Children's Bureau uses to conduct periodic reviews of state child welfare systems. CJA programs should be aware of State work as it engages in this process.

Reporting related to the CFSR

Child and Family Services Plan (CFSP)

States are required to develop a Child and Family Services Plan, a five-year strategic plan that sets forth the vision and the goals to be accomplished to strengthen the States' overall child welfare system.

The CFSP was due on June 30, 2014 for fiscal years 2015 - 2019. A primary purpose of the CFSP is to facilitate States' integration of the programs that serve children and families, including title IV-B, subparts 1 and 2 of the Social Security Act (SSA), and the Chafee Foster Care Independence Program (CFCIP) and Education and Training Vouchers (ETV) programs (section 477 of the SSA) for older and/or young adults formerly in foster care, into a continuum of services for children and their families. The CFSP consolidates plans for these programs to help States comprehensively integrate the full array of child welfare services, from prevention and protection through permanency (45 CFR 1357.15(a)). States are required to make these plans available to the public and many of them are located online. In addition, while states are no longer required to submit a new plan for the Child Abuse Prevention and Treatment Act (CAPTA) state grant program every five years, they are required to submit an annual update on their use of CAPTA State grant funds each year and to submit other updates to the CAPTA plan, as needed. These CAPTA plan reports and updates are submitted with the CFSP and Annual Progress and Services Reports each year.

Annual Progress and Services Report (APSR)

Each year on June 30, States are required to submit an APSR, which provides an annual update on the progress made toward accomplishing the goals and objectives in the CFSP. In preparing the APSR, each State must conduct an interim review of the progress made since the last APSR toward accomplishing the goals and objectives in the CFSP based on updated information and current data. The next APSR is due June 30, 2016.

Both of these reports are available online as part of State's reporting requirements and additional information is available at: http://www.acf.hhs.gov/sites/default/files/cb/cfsp_aprs_reporting_requirements.pdf.

Alignment of CFSP/APSRs with the Child and Family Services Reviews (CFSRs)

The 2015-2019 CFSP was used to align the work conducted under the CFSP with the Child and Family Services Reviews (CFSRs). After a CFSR is completed, States develop a Program Improvement Plan (PIP) to address areas in their child welfare services that need improvement. The Children's Bureau continues to work with States to align the CFSP/APSR, CFSR and the PIP process, and other program and services to achieve measurable progress to improve outcomes for children and families.

A core component of the CFSP/APSR and CFSR process is the collaboration and coordination by the child welfare agency with partners, tribes, courts and other stakeholders.

In an effort to purposefully and consistently align CJA programs to relevant work in the States, the 2015 CJA Program Instruction asked States to demonstrate their awareness of the CFSP/APSR and CFSR processes. To move this effort forward, CB encourages CJA programs and/or its State Task Force members to become more active participants in various stakeholder meetings and planning committees related to the Child and Family Services Plan (CFSP)/Annual Progress and Services Report (APSR) and review the goals and objectives of the CFSP/APSR and identify which of them are related to the final recommendations identified through the State's Three-year Assessment process. The ACF Regional Office is also available to help facilitate this process.

Linkage to Court and Legal Representation Improvement Work

The Children's Bureau's Court Improvement Program (CIP) is a mandatory formula grant authorized under the Social Security Act. All 50 States, Puerto Rico and the District of Columbia receive CIP funding. The purpose of the program is to promote the continuous quality improvement of court processes and legal representation in child welfare proceedings through ongoing assessment, data collection and analysis, and training. The CIP is also designed to enhance collaboration between the judicial branch of state government, state child welfare agencies, other executive branch agencies, and tribes. The grant requires the creation of a statewide multi-disciplinary task force, a strategic plan and an annual self-assessment of how the grantee is progressing on its identified priorities.

CJA grantees are encouraged to connect with the CIP Director in their state and become familiar with efforts planned or underway to improve the handling of child welfare

proceedings under the program and explore opportunities for collaboration and joint work toward shared outcomes. A CIP Director directory is included as an attachment to this program instruction.

The Children's Bureau Regional Office and Central Office plan to provide technical assistance to assist CJA programs in making connections to improve collaboration and coordination to improve services for children and families.

PART II: APPLICATION INSTRUCTIONS

A. SUBMISSION INSTRUCTIONS

Format: States are no longer required to submit a SF-424, "Application for Financial Assistance," although a State may use this form if it so chooses. States may apply in a format best suited to their needs. However, we recommend that States complete and submit the SF-424, because all of its content is required information for the applicant. In addition to the items specified in the SF-424, the application should include the Dun and Bradstreet Data Universal Numbering System (DUNS) number for the agency.

To receive a grant, States must meet the eligibility requirements identified in this PI.

Signature: The *application and report* may be signed by the Governor or an individual authorized to act on behalf of the State office, agency, or organization designated by the Governor to apply for a CJA grant, and to assume for that agency the obligations imposed by the terms and conditions of the grant award.

The Governor must sign the *Governor's letter* listing the assurances related to the CJA award. The Governor's letter requirement is detailed below.

Delivery: The Federal government is continually striving to promote efficiency in the management of its programs. As such, States should submit the application and subsequent annual program reports electronically. Consistent with Action Transmittal No. OGM-AT-13-01, issued September 25, 2013 by the ACF Office of Grants Management, as of October 1, 2013, all applications, plans and financial reports for mandatory grants must now be submitted electronically. States should submit their application and report, and the three-year assessment (if applicable), to the CJA Resource Inbox at: childrensjusticeact@acf.hhs.gov.

For additional questions, please contact the Federal Project Officer for CJA, Lauren Fischman at (202) 205-4539 or lauren.fischman@acf.hhs.gov.

C. **PROGRAM DESCRIPTION INSTRUCTIONS**

Program Performance Reporting Requirements and Program Content

The program performance report is required annually. The performance report is to be included as part of the application.

The reporting period for a program performance report should include activities for the 12 month period preceding the date of submission of the application (for example May to May).

A program performance report should focus on the **programming, outputs and outcomes** of CJA activities and projects for the prior year. Reports should include:

- clear statement of the needs of the State as identified by the Task Force;
- activities, outputs and outcomes as they relate to the needs identified, including implementation of evidence based trainings and programming; and
- results of evaluation work of the CJA projects (both process and program evaluations including program efforts).

Applications from States currently receiving CJA funds must contain a performance report which describes project impact and/or progress related to categories listed in the legislation:
