INTRO1. My name is [NAME] and I am from Mathematica Policy Research. I am here on behalf of the U.S. Department of Health and Human Services, Administration on Aging. I would like your help with a survey to find out how the Administration on Aging can help meet the needs of older Americans.

This survey has two parts. The first part of the survey is about your participation in the nutrition program at [NAME OF PROGRAM SITE] and your satisfaction with aspects of the nutrition program there. The second part of the survey is about what you ate and drank over the past 24 hours. Your participation is voluntary but we would really like your help. This survey is for research purposes only and will help to improve services for older adults in the future. All of your answers will be kept strictly confidential. Your eligibility for services from this and other programs will not be affected by your decision to participate. The entire survey takes about 75 minutes to complete. We'll mail you a \$50 gift card for completing the survey.

IF RESPONDENT IS RELUCTANT TO GIVE NUMBER OR IF RESPONDENTS ASK IF THEY MUST GIVE NUMBER: It is extremely useful to have this information to be able to link to health records such as Medicare records. Many years in the future, the information you gave me can be used to see how health habits and diet at one point in your life influence how healthy you are in the future. If you prefer, you can give us only the last four digits of your social security number, and we can use this number to access your records.

IF RESPONDENT CITES PRIVACY CONCERNS: I understand your concern. Mathematica has never had a breach of confidentiality in the more than 40 years we have been conducting research studies. I do not have access to this information after I type it. Once I complete the interview all the information is sent to a secure facility. Only one or two people have access to the file to use it for our health research. MoreInfo. The Centers for Medicare & Medicaid Services (CMS), which administers the Medicare program, is cooperating with the U.S. Department of Health and Human Services' Administration on Aging on a study to learn more about how well citizens are served by certain government programs. Mathematica Policy Research (Mathematica), an independent research company, is conducting the study.

> Today we will ask you a short series of questions about your health and use of nutrition services. If you are selected based on your responses, one of our interviewers will call you to schedule a time to meet with you and interview you about your health and well-being, and what you eat and drink.

(IF SAMPLE MEMBER) I would like your help with a survey to find out how the U.S. Department of Health and Human Services, Administration on Aging can help meet the needs of older Americans. The survey has two parts. The first part is about your general health and dietary habits. The second part is about what you ate and drank over a 24 hour period. Your participation is voluntary but we would really like your help. This survey is for research purposes only and will help to improve services for older adults in the future. All of your answers will be kept strictly confidential. Your eligibility for services for this and other programs will not be affected by your decision to participate. The survey takes about 55 minutes to complete. We'll mail you a \$50 gift card within a few weeks of completing the survey.

# 2011 National Evaluation of the Title III-C Elderly Nutrition Services State Unit on Aging (SUA) Survey

#### INTRODUCTION

Thank you for helping us with the National Evaluation of the Title III-C Elderly Nutrition Services. The study will involve a census of all State Units on Aging as well as a large number of Area Agencies on Aging, Local Service Providers, program participants and eligible non-participants. This survey will collect information that is not available either in the State Program Report or the NASUA State of Aging report.

- The survey should be completed by the person in the SUA who is most familiar with the Elderly Nutrition Program.
- When completing the survey, please use a black or blue pen and write in the spaces provided.
- Unless questions specifically indicate that more than one answer may be given, please mark only one answer per question.

#### A. ORGANIZATIONAL STRUCTURE, STAFF AND VOLUNTEERS

A1. How many Area Agencies on Aging (AAA) are there currently in your state?

|\_\_\_| AAAs

A2. Of the total number of Area Agencies on Aging currently in your state, please record the number of AAAs that are characterized by each of the various types of planning and service area boundaries.

	Planning and Service Area Boundaries	Number of AAAs	Don't Know
a.	Single-county		d 🗖
b.	Multi-county		d 🗖
c.	Single city/metro area		d 🗖
d.	Multiple city/metro area		d 🗖
e.	Other (Specify)		d 🗖

- A3. Does the SUA currently employ a Nutrition Program Administrator who plans, develops, administers, implements and evaluates the Elderly Nutrition Program?
  - 1□ Yes

- A4. Is the Nutrition Program Administrator a registered dietitian or state credentialed nutrition professional?
  - ₁□ Yes
  - ₀ □ No
  - d 🛛 Don't know

A5. What program responsibilities does the Nutrition Program Administrator currently have other than the Elderly Nutrition Program?

#### MARK ALL THAT APPLY

- <sup>1</sup> □ Other food and nutrition programs (e.g., SNAP, Senior Farmers' Market Nutrition Program (SFMNP), etc.)
- 2 Non-food and nutrition programs (e.g., transportation services, senior centers, etc.) (*Specify*)

#### L. PRIORITIZATION OF SERVICES

The next 3 questions are about prioritization. Prioritization is defined as establishing criteria to be used as a basis for making decisions to serve some individuals before others when resources are limited.

- L1. Which of the following best describes how the SUA's current prioritization policy was set for the Elderly Nutrition Program?
  - Prioritization policy is set by the SUA
  - <sup>2</sup> Prioritization policy is set by the SUA with input from AAAs
  - $_{3}\square$  Prioritization policy is set by the AAAs with input from SUA
  - <sup>4</sup> Prioritization policy is set by the AAAs
  - <sup>5</sup> Prioritization policy is set by the local service providers
  - 6 No prioritization policy exists
  - d 🛛 Don't know

#### L2. Are prioritization criteria statewide or do they vary by AAA?

- <sup>1</sup> Prioritization criteria are statewide
- <sup>2</sup> Prioritization criteria are AAA specific
- <sup>3</sup> Prioritization criteria are local service provider specific
- d Don't know

## L3. Which of the following criteria are used to determine Elderly Nutrition Program service priority according to SUA policy?

## 2011 National Evaluation of Title III-C Nutrition Services

### Area Agency on Aging (AAA) Survey

#### INTRODUCTION

Thank you for helping us with the National Evaluation of Title III-C Elderly Nutrition Services. This study will examine how effectively and efficiently the Elderly Nutrition Program helps to keep older Americans healthy and active in their homes and communities. Results of the study will be used to support program planning and guide program practices at various levels of the aging network.

This survey contains questions about your AAA's characteristics and objectives, staffing, use of technology, program decision processes, and measures used to coordinate with internal staff and other organizations. The questionnaire takes approximately 60 minutes to complete.

- If you have any questions regarding the study or completing the Area Agency on Aging survey, please contact Rhoda Cohen at 1-800-232-8024 or email: rcohen@mathematica-mpr.com
- The information you provide will be used only for statistical purposes. In accordance with the Confidential Information Protection and Statistical Efficiency Act of 2002, your responses will not be disclosed in identifiable form without your consent.
- Participation is completely voluntary. We thank you for your cooperation and participation in this very important study.
- If you do not have exact information available to answer certain questions, your best estimate will be fine.
- After hitting the submit button, it may take a few seconds for the next page of the survey to load. Please be patient and your responses will be accepted.
- Please be aware that after using the "Review my answers" link to go back to a previous question of the survey, you will need to continue through the survey again from that point forward.

#### B1.1. How are the following services currently provided in your PSA?

Note: Local service providers, at a minimum, have the following responsibilities for the meal portion of the OAA Elderly Nutrition Program: (1) are responsible for the delivery of the meal (not necessarily the production or responsible for the production – i.e., AAA could enter into a PSA wide catering contract through which all providers receive meals); (2) are responsible for providing an opportunity for and the collection of voluntary contributions; (3) are responsible for documenting and reporting meals served; and (4) are responsible for food safety and sanitation during meal delivery. In the case of a restaurant/voucher based-program, the provider is the entity that has entered into an agreement with the restaurant or other meal producer for the provision of meals that meet the OAA dietary requirements and is responsible for issuing the voucher for service. A caterer with no responsibility beyond production of the meal is not considered a local service provider for the OAA Elderly Nutrition Program.

Note: Nutrition counseling services and nutrition education services may also be provided through an agreement (e.g., contract, grant, MOU) with a local provider organization other than the Area Agency on Aging.

# 2011 National Evaluation of Title III-C Nutrition Services Local Service Provider Survey

# INTRODUCTION

Thank you for helping us with the National Evaluation of Title III-C Elderly Nutrition Services. This study will examine how effectively and efficiently the Elderly Nutrition Program helps to keep older Americans healthy and active in their homes and communities. Results of the study will be used to support program planning and guide program practices at various levels of the aging network.

This survey asks about your organization's characteristics and objectives, staffing, use of technology, program decision processes, and measures used to coordinate with internal staff and other organizations. The survey takes approximately 60 minutes to complete.

- If you have any questions regarding the study or completing the local service provider survey, please contact Rhoda Cohen at 1-800-232-8024 or email: <u>rcohen@mathematica-mpr.com</u>
- The information you provide will be used only for statistical purposes. In accordance with the Confidential Information Protection and Statistical Efficiency Act of 2002, your responses will not be disclosed in identifiable form without your consent.
- Participation is completely voluntary. We thank you for your cooperation and participation in this very important study.
- If you do not have exact information available to answer certain questions, your best estimate will be fine.
- After hitting the submit button, it may take a few seconds for the next page of the survey to load. Please be patient and your responses will be accepted.
- Please be aware that after using the "Review my answers" link to go back to a previous question of the survey, you will need to continue through the survey again from that point forward.
