U.S. Treasury Schedule F Instructions For the year ended December 31, 2015 Spreadsheet Version 1.0

Please Enter Your Company Name in the Box

Following is a series of worksheets that have been designed to provide those companies filing U.S. Treasury Schedule F with a spreadsheet based program for completing the Schedule. Each individual section of the U.S. Treasury Schedule F has been given a separate worksheet that can be accessed by clicking on the appropriate TAB Button located at the bottom of this worksheet. Please note that all TABS may not be immediately viewable within your computer screen but can be accessed using the scrolling arrows located in the bottom left corner of your worksheet. The TABS have been color coded for easy identification.

Within this worksheet you will find the following U.S. Treasury Schedule F Sections:

(Please note there are 36 total printable pages (excluding over-flow pages)- all pages will print in black and white (without color, shading, or any other formats that have been included in this spreadsheet for presentation purposes only.)

- 1. Section I Treasury Authorized Companies (11 printable pages)
- 2. Section II Other Treasury Authorized Companies (1 printable page)
- 3. Section III Treasury Authorized Pools and Associations & Lloyds Syndicates(11 printable pages)
- **4. Section IV THRU V** Other Treasury Authorized Pools and Associations (1 printable page)
- 5. Section VI Treasury Unauthorized Pools and Associations (3 printable pages)
- 6. Section VII Other Treasury Unauthorized Pools and Associations (1 printable page)
- 7. Section VIII Treasury Unauthorized Companies (3 printable pages)
- 8. Funds Held Section Funds Held Securing Reinsurance Recoverables from Unauthorized Companies (2 printable pages)
- 9. Summary Page Summary Total of Treasury Unauthorized Reinsurance (1 printable page)

Overflow Pages have been included as separate TAB items and may be used if additional pages of the

above-listed sections are required in order to complete your company's Treasury Schedule F.

If you enter data in the overflow pages it will be automatically carried to the appropriate Treasury Schedule F summary page sections.

If you require more overflow pages than those provided, you will need to reproduce the related worksheet and manually enter any totals from

your reproduced worksheet(s) on the appropriate summary page. Rows and columns have been established on the summary pages to allow for these types of entries.

Overflow Pages included with this spreadsheet program are:

- 10. Section II Overflow Page Other Treasury Authorized Companies (Add-on to Section II above)
- 11. Section IV Overflow Page Other Treasury Authorized Pools and Associations (Add-on to Section IV above)
- **12.** Section VII Overflow Page Other Treasury Unauthorized Pools and Associations (Add-on to Section VII above)
- 13. Section VIII Overflow Page Treasury Unauthorized Companies (Add-on to Section VIII above)
- 14. Funds Held Overflow Page Funds Held Securing Reins. Recoverables from Unauth.Companies (Add-on to Funds Held section)

Note:

Certain cell ranges within these worksheets have been write-protected to provide for easier data entry. Normally such protected cells contain formulas or information that should not change. If you need to edit a protected cell (normally shaded green), you may unlock the cell by accessing the following menu options "tools" "protection" unprotect" and entering the password " f ".

If you need to reproduce any of the overflow pages you will first need to unprotect the worksheet and then reproduce the worksheet via normal copy/past keystrokes. For any reproduced worksheets, you'll need to enter your company totals manually in the appropriate summary page in the spaces provided.

Printing - All pages in this worksheet are designed to print on legal size paper. When printing your Schedule F for filing with the Treasury, you should print all pages in sections I through the Summary Page.

In printing the overflow pages you may wish to specify the page(s) to print, otherwise blank overflow pages from a respective worksheet will print.

If you experience problems with this spreadsheet, please contact the Surety Bond Branch at (202) 874-6850 for assistance.
