NATIONAL CENTER FOR EDUCATION STATISTICS

September 2015

Dear District Superintendent:

On behalf of the National Center for Education Statistics (NCES), I request your district's participation in the national survey *Programs and Services for High School English Learners*. The purpose of the survey is to provide the U.S. Department of Education with nationally representative data about programs and services for English learners at the high school level in U.S. public school districts. Westat, a research firm in Rockville, Maryland, is administering the study on behalf of NCES using the Fast Response Survey System (FRSS). The survey is designed to be completed in about 30 minutes by the person(s) in your district most knowledgeable about English learner programs for students at the high school level.

- ✍ **Why is NCES conducting the survey?** This study is designed to provide the first nationally representative information about programs and services that public school districts have for English learners at the high school level. Such national data will provide policymakers with accurate and current information about this increasing population of students in U.S. public schools. NCES is authorized to conduct this survey by the Education Sciences Reform Act of 2002 (ESRA; 20 U.S.C. § 9543).
- ✍ **Why is participation by your district important?** Your district's participation, while voluntary, is vital to the development of national estimates. Because your district is one of a small sample of districts selected for the study, your cooperation is critical to make the results of this survey comprehensive, accurate, and timely.
- ✍ **How does NCES protect the confidentiality of the information that you provide?** The information collected through the survey may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (ESRA, 20 U.S.C. § 9573). The federal Office of Management and Budget has approved the survey (OMB No. 1850-0733).
- ✍ **What do you get from the study?** Once the study is completed, NCES will present the findings in a report that will be released on the NCES website. Your district will be notified when it is released.

The person(s) most knowledgeable about programs and services for high school English learners in your district may complete the survey using either the enclosed questionnaire or an online version. The online version of the survey is available at **www.XXXXX.org**. The username and password appear on the enclosed Web Survey Information Sheet. If your district completes the paper version of the questionnaire, please return it to Westat in the enclosed postage-paid envelope. **Please complete the survey only once, using either the paper or the online version.**

We ask that the survey be completed **within 3 weeks**, and that you keep a copy of the completed survey for your files. If you have any questions about this survey, please contact Laurie Lewis, the Westat survey manager, at 800-937-8281, ext. 8284 (toll-free) or by e-mail at XXXX@westat.com. You may also call Chris Chapman, the NCES Project Officer, at 202-502-7414. Thank you for your assistance.

Sincerely,

Peggy Carr  
Acting Commissioner

U.S. DEPARTMENT OF EDUCATION  
INSTITUTE OF EDUCATION SCIENCES

NATIONAL CENTER FOR EDUCATION STATISTICS

[Date]

Dear District Superintendent:

Recently, you were asked to have your district complete a survey on programs and services for high school English learners for the National Center for Education Statistics (NCES), U.S. Department of Education. This study, approved by the federal Office of Management and Budget (OMB No. 1850-0733), will provide national data that can only be obtained from public school districts. If your district has already completed the questionnaire, I wish to thank you for your participation. It is only through the help of district personnel such as you that NCES is able to provide policymakers with valuable national data on English learners at the high school level.

If your district has not yet completed the three-page survey, I ask that you do so as soon as possible because the data are urgently needed to report a current picture of high school-level English learners in public schools. The questionnaire is designed to be completed in about 30 minutes by the person(s) in your district most knowledgeable about programs and services for English learners at the high school level.

Your district's participation, while voluntary, is vital to the development of national estimates. Your input is needed because your district is one of a small sample selected for the study. It is only through the participation of the selected districts that we can fully represent information about high school-level English learners across all types of public school districts. Your district's answers may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (Education Sciences Reform Act of 2002, 20 U.S.C. § 9573).

The online version of the survey is available at [www.XXXXX.org](http://www.XXXXX.org), the survey website. Your username and password appear on the enclosed Web Survey Information Sheet. If you prefer to complete a paper questionnaire, you may obtain a printable version from the survey website and fax it to 1-800-254-0984 when completed.

Westat, an independent research firm, is administering the survey on behalf of NCES. If you have any questions, please contact Laurie Lewis, the Westat survey manager, at 1-800-937-8281, ext. 8284 (toll-free) or by email at XXXXX@westat.com. You may also call me at 202-502-7414. Thank you for your assistance.

Sincerely,

Chris Chapman  
Project Officer
