

Department of Defense, the Designated Federal Officer was unable to submit the **Federal Register** notice pertaining to the meeting address change to the Defense Business Board scheduled meeting for October 20, 2016, that ensured compliance with the requirements of 41 CFR 102–3.150(a). Accordingly, the Advisory Committee Management Officer for the Department of Defense waives the 15-calendar day notification requirement pursuant to 41 CFR 102–3.150(b).

This meeting is being held under the provisions of the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102–3.140.

Under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102–3.150, the Department of Defense announces that the meeting location has changed.

Public's Accessibility to the Meeting: Pursuant to FACA and 41 CFR 102–3.140, this meeting is open to the public. Seating is limited and is on a first-come basis. All members of the public who wish to attend the public meeting must contact Steven Cruddas at the number listed in the **FOR FURTHER INFORMATION CONTACT** section to register and make arrangements for a Pentagon escort, if necessary. Public attendees requiring escort should arrive at the Pentagon Visitor's Center, located near the Pentagon Metro Station's south exit (the escalators to the left upon exiting through the turnstiles) and adjacent to the Pentagon Transit Center bus terminal, with sufficient time to complete security screening and be admitted to the Pentagon no later than 10:00 a.m. on October 20. Note: Pentagon tour groups enter through the Visitor's Center, so long lines could form well in advance. To complete security screening, please come prepared to present two forms of identification of which one must be a pictured identification card. Government and military DoD CAC holders without Pentagon access are not required to have an escort; however, they are still required to pass through the Visitor's Center to gain access to the Building.

Special Accommodations: Individuals requiring special accommodations to access the public meeting should contact Steven Cruddas so that appropriate arrangements can be made.

Dated: October 14, 2016.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF ENERGY

National Nuclear Security Administration

Agency Information Collection Extension

AGENCY: National Nuclear Security Administration, U.S. Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years, an information collection request with the Office of Management and Budget (OMB). Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments regarding this proposed information collection must be received on or before December 19, 2016. If you anticipate difficulty in submitting comments within that period, contact the person listed below as soon as possible.

ADDRESSES: Written comments may be sent to Richard Goorevich, Senior Policy Advisor, Office of Nonproliferation and Arms Control, National Nuclear Security Administration, U.S. Department of Energy, 1000 Independence Ave. SW., Washington, DC 20585, or by fax at 202–586–1348 or by email at richard.goorevich@nnsa.doe.gov.

FOR FURTHER INFORMATION CONTACT: Richard Goorevich, Senior Policy Advisor, Office of Nonproliferation and Arms Control, National Nuclear Security Administration, U.S.

Department of Energy, 1000 Independence Ave. SW., Washington, DC 20585, or by fax at 202–586–1348 or by email at richard.goorevich@nnsa.doe.gov.

SUPPLEMENTARY INFORMATION: This information collection request contains: (1) OMB No.1910–5173; (2) Information Collection Request Title: The American Assured Fuel Supply Program; (3) Type of Review: Extension; (4) Purpose: The U.S. Department of Energy (DOE) created the American Assured Fuel Supply (AFS), a reserve of low enriched uranium (LEU) to serve as a backup fuel supply for foreign recipients to be supplied through U.S. persons or for domestic recipients, in the event of fuel supply disruption. DOE is committed to making the AFS available to eligible recipients in the case of supply disruptions in the nuclear fuel market. This effort supports the United States Government's nuclear nonproliferation objectives by supporting civilian nuclear energy development while minimizing proliferation risks. DOE published a Notice of Availability for AFS on August 18, 2011, and published an application on December 2, 2013, in the **Federal Register** to standardize the information that must be provided in a request to access the material in the AFS as set forth in the Notice of Availability 76 FR 51357, 51358. This application form is necessary in order for DOE to identify if applicants meet basic requirements for use of the AFS and implement this important nonproliferation initiative; (5) Annual Estimated Number of Respondents: 10; (6) Annual Estimated Number of Total Responses: 10; (7) Annual Estimated Number of Burden Hours: 8; (8) Annual Estimated Reporting and Recordkeeping Cost Burden: \$1,800.

Statutory Authority: The Secretary of Energy is authorized pursuant to the Atomic Energy Act of 1954, as amended (Pub. L. 83–703), and the Nuclear Non-Proliferation Act of 1978 (NNPA) (Pub. L. 95–242) to encourage the widespread use of atomic energy for peaceful purposes, and to cooperate with other nations by distributing nuclear material where appropriate safeguards measures are in place to ensure the material is properly controlled and used for peaceful purposes. In 2005, DOE set aside a portion of its LEU inventory to be used to support the International Atomic Energy Agency's (IAEA) International Nuclear Fuel Bank (INFBN) initiative, which is envisioned as an LEU reserve that will be administered by the IAEA and that will serve as a back-up for global supply disruptions. Congress later appropriated \$49,540,000

in the Consolidated Appropriations Act, 2008 (Pub. L. 110–161) to fund a portion of the INFB. Congress, in the Explanatory Statement accompanying the House Appropriations Committee Print (which in the Act was given the same effect as a joint explanatory statement), noted that the INFB freed up DOE's LEU set-aside, and recommended DOE also "allow U.S. interests to purchase uranium fuel from the Reliable Fuel Supply [now the AFS] in the event of supply disruption." (H. Approp. Cmte. Print at 592.)

The sale of LEU from the AFS will be conducted consistent with applicable law, the policies and guidance in the "Secretary of Energy's 2008 Policy Statement of Management of the Department of Energy's Excess Uranium Inventory" (March 11, 2008), and the DOE Excess Uranium Inventory Management Plan.

Issued in Washington, DC, on October 3, 2016.

Anne M. Harrington,

Deputy Administrator, Defense Nuclear Nonproliferation, National Nuclear Security Administration.

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL16–114–000]

Idaho Power Company; Notice of Institution of Section 206 Proceeding and Refund Effective Date

On October 12, 2016, the Commission issued an order in Docket No. EL16–114–000, pursuant to section 206 of the Federal Power Act (FPA), 16 U.S.C. 824e (2012), instituting an investigation into the justness and reasonableness of the Idaho Power Company's market-based rate authority in the Idaho Power balancing authority area. *Idaho Power Company*, 157 FERC ¶ 61,017 (2016).

The refund effective date in Docket No. EL16–114–000, established pursuant to section 206(b) of the FPA, will be the date of publication of this notice in the **Federal Register**.

Any interested person desiring to be heard in Docket No. EL16–114–000 must file a notice of intervention or motion to intervene, as appropriate, with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rule 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.214 (2016), within 30 days of the date of issuance of the order.

Dated: October 12, 2016.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP16–496–000]

Tennessee Gas Pipeline Company, L.L.C.; Notice of Intent To Prepare an Environmental Assessment for the Proposed Lone Star Project and Request For Comments On Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Lone Star Project involving construction and operation of facilities by Tennessee Gas Pipeline Company, L.L.C. (Tennessee) in San Patricio and Jackson Counties, Texas. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. You can make a difference by providing us with your specific comments or concerns about the project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the EA. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before November 14, 2016.

If you sent comments on this project to the Commission before the opening of this docket on September 1, 2016, you will need to file those comments in Docket No. CP16–496–000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this proposed project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company

representative may contact you about the acquisition of an easement to construct, operate, and maintain the proposed facilities. The company would seek to negotiate a mutually acceptable agreement. However, if the Commission approves the project, that approval conveys with it the right of eminent domain. Therefore, if easement negotiations fail to produce an agreement, the pipeline company could initiate condemnation proceedings where compensation would be determined in accordance with state law.

Tennessee provided landowners with a fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. It is also available for viewing on the FERC Web site (www.ferc.gov).

Public Participation

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502–8258 or efiling@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the *eComment* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the *eFiling* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." If you are filing a comment on a particular project, please select "Comment on a Filing" as the filing type; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the project docket number (CP16–496–000) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Summary of the Proposed Project

Tennessee proposes to construct and operate the following facilities as part of
