

**JUSTIFICATION FOR NONMATERIAL/NONSUBSTANTIVE CHANGE**  
**Post Registration (Trademark Processing)**  
**OMB Control Number 0651-0055**

Background

The United States Patent and Trademark Office (USPTO) administers the Trademark Act, 15 U.S.C. § 1051 et seq., which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks, and certification marks. Individuals and businesses that use or intend to use such marks in commerce may file an application to register their marks with the USPTO.

The request is to add a new line to the collection accounting for the 15,910 estimated responses for the audit process. The new line, "Response to Office Action for Post-Registration Audit" is a result of the rulemaking NPRM 0651-AD07. The rulemaking adds these responses due to an audit that will be conducted on 10% of certain trademark applications. This new line uses the same forms and authorizations as existing line 7, "Response to Office Actions for Post Registration Matters", but it is estimated that respondents may take longer in preparing these responses. The estimated burden for completing a 'Response to Office Action for Post-Registration Audit' is one hour.
