## Intercept Interview Guide

*The intercept interview guide will only be used to test messages, concepts and materials and will be the same for all participants regardless of the type of campaign being developed.*

### **Introduction**

Hello, my name is \_\_\_\_\_. I work for RTI International, a nonprofit research organization. We have been hired by the Centers for Disease Control and Prevention (CDC), a federal government agency, to get people's response to informational material that is under development concerning HIV/AIDS. We are not selling anything. If you are interested, we would ask you to sit down, look at the material that is under development, and then ask you some questions. This would take no more than 20 minutes and you would receive \$10 cash as a token of our appreciation.

First, are you 18 years of age or older?

**[IF YES, continue].**

Great. We would like to invite you to participate in an interview. As I said, you will receive \$10 as a token of appreciation for your participation. Are you willing to participate?

Yes\_\_\_ **[CONTINUE]**

No\_\_\_ **[THANK/END]**

### **Invitation**

Thank you for agreeing to participate. As I mentioned, we want to get your opinion/feedback on material being developed by the Centers for Disease Control and Prevention. You will be looking at a material the CDC is thinking about using to help increase people's awareness of HIV/AIDS.

### **Verbal Consent**

RTI will summarize all responses to our interviews in a single report. It will be impossible to determine what any one person said in response to these questions. There are no physical risks to participating. There are no direct benefits for your participation. You will be paid \$10 for your time.

If you have any questions about your rights as a participant in this interview, you can call RTI's Office of Research Protection at **1-866-214-2043**. If you have any questions about the study, you may call the study director, Dr. Jennifer Uhrig, at **1-866-784-1953, extension 23311**.
