

SUPPORTING STATEMENT

A. JUSTIFICATION

1. Circumstances of Information Collection

The Office of the Secretary (OS) at the U.S. Department of Health and Human Services (HHS), on behalf of the former Public Health Service (PHS) agencies, is requesting a reinstatement of the previously approved HHS Checklist and Program Narrative. These forms are listed below.

The approved forms are part of the standard application for State and local governments and for private non-profit and for-profit organizations when applying for health services projects.

The Checklist and Program Narrative assists applicants to ensure that they have included all required information necessary to process the application as well as the name, title, and phone number of the business official and project director responsible for carrying out the project. Checklist information concerning the type of application is also needed since new, competing continuation, noncompeting continuation, and supplemental applications are separated and reviewed differently. The checklist data helps to reduce the time required to process and review grant applications, expediting the issuance of grant awards. A copy of the document is included in **Attachment A**. A copy of the Program Narrative is included in **Attachment B**.

The legal authorities for the programs requesting use of these forms and supplements are listed below.

Public Health Service Act, Section:

- 301: Research and Investigation; Rural Health Services Outreach Program; Rural Telemedicine Grant Program; Rural Health Research Centers; Integrated Community-Based Primary Care and Drug Abuse Treatment Services; Junior National Health Services Corps; Orphan Product Development
- 303: Minority Fellowship Program
- 303(a)(1): Mental Health Care Provider Education in HIV/AIDS
- 319: Disaster Assistance (42 U.S.C. 247d)
- 319B, C, F Public Health Threats and Emergencies Act
- 320(a)(2): Hansen's Disease
- 329: Migrant Health Centers including Infant Mortality
- 329(e): Migrant Health Environmental Program
- 329(f): Capitol Improvements Projects
- 329(g)(1): Technical and Non-Financial Assistance, Migrant Health Centers
- 330: Community Health Centers, Including Infant Mortality; Healthy Start
- 330(e): Capitol Improvements Projects
- 330(f)(1): Technical and Non-Financial Assistance, Community Health Centers
- 333(d): Primary Care Services Resource Coordination and Development Agreements
- 338(I): Nat. Health Service Corps State Loan Repayment Program

338(J): Grants to States for Operation of Offices of Rural Health
 338(K): Native Hawaiian Health Care Scholarships
 338(L): Demo. Grants to States for Community Scholarship Programs
 340: Health Services to the Homeless; Healthy Schools, Healthy Communities
 340(A): Health Services for Residents of Public Housing
 371: Organ Procurement Organizations
 374: Grants to Increase Organ Donation
 379: National Bone Marrow Donor Registry
 398/398A/398B: Demonstration Grants to States with Respect to Alzheimer's Disease
 413(b) (6) (B) and 414(b)PHS Act, as amended (42 U.S.C. 285a -2(b) 6(B), 285a-3(b): NCI construction grants
 421(b)(2)(B) and 422(c)(3)PHS Act, as amended (42 U.S.C. 285b - 3(b)(2)(B), 285b-4(c) (3):NHLBI construction
 441(a)PHS Act, as amended (42 U.S.C. 285d-6(a)): NIAMS construction
 455 PHS Act, as amended (42 U.S.C. 285i): NEI construction
 464C(a)PHS Act, as amended (42 U.S.C. 285m-3(a)): NIDCD construction
 464P(b) PHS Act, as amended (42 U.S.C. 285o-4(b)(3): NIDA construction
 481A(a) PHS Act, as amended (42 U.S.C. 487a-2(a)): NIH Director, acting through NCRR; construction of biomedical and behavior research facilities.
 481B(a) PHS Act, as amended (42 U.S.C. 287a-3(a)): NIH Director, re NCRR activities, construction of regional primate centers
 501(d)(5): Improved Provision of Mental Health and Substance Abuse Treatment, Prevention and Related Services
 507(b)(11), and 511: Demonstration Cooperative Agreements for Development and Implementation of Criminal Justice-Treatment Networks
 508: Services Grant Program for Residential Treatment for Pregnant and Postpartum Women
 510 (b)(1): Demonstration Grant Program for Residential Treatment for Women and Their Children
 510(b)(6): Community-Based Comprehensive HIV/STD/TB Outreach Services for High Risk Substance Abusers Demo. Pgm.
 515: Knowledge Dissemination Conference Grants
 515(b)(3)and(9): Communications Programs Aimed at Preventing Alcohol and Other Drug Programs
 517: Substance Abuse Prevention Demonstration Grants for High Risk Youth
 520(A): Evaluating Innovative Children's Mental Health Services; Community Support Program - Mental Health Systems Improvement Demonstration Grants for Consumer and Family Networks; Cooperative Agreements for Employment Intervention Demonstration Program; National Consumer Technical Assistance Centers
 561: Comprehensive Community Mental Health Services for Children with Serious Emotional Disturbances
 901: AHCPR Research Grants Program
 1003: Training Grants (Population Research and Voluntary Family Planning)
 1252: State Grants for Demonstration Projects Regarding Traumatic Brain Injury
 1610(b): Renovation or Construction of Non-Acute Facilities

1707(d)(1): Minority Health
1910: Emergency Medical Services for Children Demonstration
1935(b)(1)(C): Evaluations of Substance Abuse Data Activities
1948(a): Provision of Technical Assistance to States, Public or Nonprofit Private Entities
Receiving Funding Under the Community Mental Health Services and Substance Abuse
Prevention and Treatment Block Grants
2003: Authority for Demonstration Grants (Population Affairs)
2354B(a) PHS Act, as amended (42 U.S.C. §300cc-41(a)(5)(B): Director for Office of AIDS
Research; construction of AIDS research facilities
2601: Ryan White Title I - Emergency Relief for Areas with Substantial Need for Services
2611: Ryan White Title II, Part B, Care Grant Program
2618(a): Ryan White C.A.R.E. Act of 1990; Special Projects of National Significance
2651: Ryan White Title III: Outpatient Early Intervention
Services--Subpart II
2671: Ryan White Title IV - Pediatric AIDS Demo. Projects

42 USC 9604(I)(4), (6), & (15): Surveillance of Hazardous Substance Emergency Events

2. Purpose and Use of Information

Each agency's financial assistance program evaluates the information provided by the applicants to select the ones most likely to meet program objectives and to determine that satisfactory progress is being made on funded projects.

3. Use of Improved Technology

The information requested in the Program Narrative is based on model instructions provided in OMB Circular A-102 and 2 CFR Part 215. The Checklist was recently converted into a fillable and printable form, but data cannot be stored. Every effort is made to hold to a minimum the burden imposed on applicants while requesting sufficient information to adequately evaluate and rank the application.

4. Efforts to Identify Duplication

No other application forms are authorized for the covered programs. No other similar information is available.

5. Involvement of Small Entities

The information requested is the minimum amount needed to meet program requirements. It cannot be reduced for small entities.

6. Consequences if Information is Collected Less Frequently

If this information is not collected, the programs will not have adequate data to select appropriate grantees or to evaluate which grants should be continued. Reduced frequency is not possible as the annual frequency of applications and awards coincides with the annual appropriation of funds. Information is collected once as needed. There are no legal obstacles to reduce the burden.

7. Special Circumstances

These supplements fully comply with the guidelines at 5 CFR 1320.6.

8. Consultation Outside of the Agency

A. The 60-Day Federal Register Notice announcing this data collection was published in the *Federal Register* on August 28, 2013 Vol. 78, No. 167, pages 53146 - 53147. There were no public comments.

B. The information requested in the Program Narrative follows that which is set forth in OMB

Circulars A-102 and 2 CFR Part 215.

In the past, the Association of State and Territorial Health Officials (ASTHO) has been consulted regarding the PHSIS, and that organization is very much in favor of continuing the third-party notification requirement for specified projects. In his letter of May 8, 1995, Christopher G. Atchison, President of ASTHO, states, "Health funding consolidations at the federal level, as well as changes in the Medicaid program, make it essential to integrate and coordinate funding streams for most effective use. It is critical that the state health agency have information on federal health funding targeting both the state and local levels. ... As the President of ASTHO and the Director of the Iowa Department of Health, I believe that the Public Health (System) Impact Statement program is an important element of efforts to increase accountability for federal funds. I offer both the support of ASTHO, and its assistance in working with state health department directors to ensure that the program is functioning effectively."

There were several meetings among the HHS agencies to discuss these forms to ensure that the forms will be of benefit to all.

9. Payments to Respondents

There are no payments or gifts to the respondents.

10. Assurance of Confidentiality

No assurance of confidentiality is given.

11. Questions of a Sensitive Nature

No questions of a sensitive nature are asked.

12. Estimates of Annualized Burden Hours and Costs

A. Annualized Burden Hours

A. Program Narrative and Checklist: The total response burden for the HHS Supplements to the Application for Federal Assistance is **19,930** hours. The burden was calculated on the basis of the estimated number of applications received for the covered programs. Applications are requested annually. In consultation with the 10 PHS regional offices and the PHS awarding offices, an estimate of 4 - 50 hours was established for the information required to complete the Program Narrative and Checklist. The total includes the amount for SAMHSA, CDC and HRSA narratives.

The programs requiring the use of the HHS Checklist and Program Narrative and the estimated number of applicants per year are listed below.

Programs, by Agency

No. Of Applications

SAMHSA

Projects of Regional and National Significance	1,338
Projects for Transition from Homelessness (PATH)	56
Protection and Advocacy for Individuals with Mental Illness (PAIMI)	56
Immediate Emergency Response Grants	3
Intermediate Emergency Response Grants	3
Drug Free Communities Support Program Grants	<u>620</u>
	2,121

Forms	No. Of Respondents	Response per Respondent	Avg. Burden Per Response (in hours)	Total Burden (in hours)
Program Narrative and Checklist (SAMHSA)	2,121	1	4	8,484
Program Narrative and Checklist (CDC)	59	6	24	8,496
Program Narrative and Checklist (HRSA)	59	1	50	2,950
Total				19,930

B. Annualized Cost to the Respondent

Program Narrative and Checklist (SAMHSA):

We estimate that an applicant can complete the required narrative and checklist in an average of 4 hours. Salaries are estimated at \$25/hour plus an additional \$13/hour for fringe benefits and overhead.

Salary/fringe cost of \$38/hr. x 4 hours = \$152 per application. \$152 x 8,484 respondents annually = \$1,289,568 per year.

Program Narrative and Checklist (CDC):

We estimate that an applicant can complete the required narrative and checklist in an average of 4 hours. Salaries are estimated at \$25/hour plus an additional \$13/hour for fringe benefits and overhead.

Salary/fringe cost of \$38/hr. x 24 hours = \$912 x 6 applications = \$5,472 x 59 respondents annually = \$322,848 per year.

Program Narrative and Checklist (HRSA):

We estimate that an applicant can complete the required narrative and checklist in an average of 50 hours. Salaries are estimated at \$25/hour plus an additional \$13/hour for fringe benefits and overhead.

Salary/fringe cost of \$38/hr. x 50 hours = \$1,900 per application. \$1,900 x 59 respondents annually = \$112,100 per year.

Total Annual Cost to Respondents

\$1,289,568	(SAMHSA Program Narrative and Checklist)
322,848	(CDC Program Narrative and Checklist)
<u>112,100</u>	(HRSA Program Narrative and Checklist)
\$1,724,516	Total

13. Estimates of Annualized Respondent Capital and Maintenance Costs

There are no capital or maintenance costs.

14. Estimates of Annualized Cost-Government

Copy Preparation	2,500
Printing	50,500
Mailing and Handling	<u>4,000</u>
Total:	\$57,000

The third-party notification constitutes no cost to the Government.

15. Changes in Hour Burden There were no changes to the burden hours.

16. Time Schedule, Publication, and Analysis Plans

These are recurring data collections, and collections are done on an as needed basis. Each agency has different time-lines for the receipt and processing of their applications. Data is

not collected for statistical use. There are no current plans to publish any information received from this application process.

17. Expiration Date Display Exemption

No exemption requested.

18. Exceptions to Certification

No exceptions are requested.

B. Collections of Information Employing Statistical Methods

This information will not be used for statistical purposes.
