This section documents benefits offered under authority of the Medicare Advantage Value-Based Insurance Design model test. Plans only fill out this section if they are authorized to do so by written notification from CMS.

Does your VBID benefit include Part D reductions in cost?

Yes
 No

How many packages does your Part D VBID benefit contain?

Value Based Insurance Design Attestation

I attest that

1) the benefits entered comply with CMS requirements for benefits offered in the MA-VBID model test;

2) the benefits entered are consistent with the benefit proposals and the actuarial or financial information provided to CMS when applying to participate in the MA-VBID model test, unless otherwise approved by CMS in writing; and

3) the benefit package, formulary or other features of this plan are not structured to discriminate against any Medicare beneficiary.

When entering the maximum and minimum copayment or cost sharing for a service category, list only the VBID benefit's maximum and minimum for that category. Do not enter the VBID cost sharing amount as the minimum and the non-VBID cost sharing amount as a maximum. If there is a limit to the number of services units that qualify for VBID cost sharing, after which the regular cost sharing amount applies, specify the limit in notes. After an enrollee reaches the limit, CMS will look to the main PBP sections for the applicable cost sharing amount.

When entering VBID benefit packages, create a separate package for each unique targeted clinical condition group to which the organization is offering a VBID benefit package. Even if the plan is offering otherwise identical benefits to enrollees with one of two conditions, enter those benefits in two identical packages, each time selecting a single condition. Do not select multiple conditions within a single package unless the enrollee must have all conditions in order to qualify for the benefit (a multiple co-morbidity category)

Unique packages of VBID benefits are numbered sequentially in the PBP in the order in which they are entered. Organizations offering Part D VBID benefits should use this numbering in the VBID formulary file's package number field to indicate to which corresponding VBID benefit package(s) in the PBP a drug relates.

VBID – Package Tiers – Pre-ICL

The screenshot shows a software window titled "PBP Data Entry System - Section RX, Contract X0001, Plan 001, Segment 000". The interface includes a menu bar with "File", "Help", and "Add Variable". Below the menu bar is a navigation area with "Previous" and "Next" buttons, "Exit (Validate)" and "Exit (No Validate)" buttons, and a "Go To:" dropdown menu currently set to "VBID - Package Tiers - Pre-ICL". The main content area is titled "Tier Label Description(s)" and contains a text input field. Below the input field, there is a prompt: "Select the tier(s) that include reduced cost sharing (select all that apply):". This is followed by a list of checkboxes for "Tier 1", "Tier 2", "Tier 3", "Tier 4", "Tier 5", and "Tier 6", all of which are currently unchecked.
