

VETS Employment Challenge: Phase IV User Testing

Thank you for volunteering to participate as a “user” in the User Testing portion of Phase IV of the **Veterans Employment Challenge**. To learn more about the challenge, please visit <https://www.challenge.gov/challenge/vets-match/>.

****Please Note**** You must be 18 years of age or older to complete this survey.

The top 3 applicants (now referred to as Solvers) in Phase III moved into Phase IV and were invited to participate in field testing sessions of their product with actual users. This User Testing is an opportunity for Solvers to present their product to actual users to receive feedback, and then submit an updated version at the end of this phase for judging.

The Phase IV Solvers are (in alphabetical order):

- Eightfold: Survey Link: [\(Insert Survey Link\)](#)
- LinkedIn: Survey Link: [\(Insert Survey Link\)](#)
- Square Peg Hires: Survey Link: [\(Insert Survey Link\)](#)

Attachments: Three (3) PDF attachments are included with this email. The attachments are submission from each of the Phase IV Solvers and includes a link to the Solver’s product.

User Testing Instructions:

1. Select one Phase IV Solver from the list above, and review the attached PDF/Link.
2. Open the Survey Link next to the Solver’s name above. (The Solver’s name will also be included on the survey title, please ensure you have the correct survey while reviewing the example)
3. Answer the Survey questions for your selected Phase IV Solver and click “Done” when finished.

Please Note: When choosing a user group for question #2, you may fall into more than one category. However, please choose the user group you were contacted to represent. For example, if the Department of Defense (DOD) contacted you through the TAP program, please select “Transitioning Service Member.”

4. Repeat Steps 1-3 for each of the three Phase IV Solvers.
5. Complete all Surveys by 5:00pm Eastern time, Thursday June 25, 2020.

The content of the included PDF and included links is considered the proprietary information of the submitter. As such, individuals who are authorized to access, review, and perform testing of a solver’s product for the purpose of “Phase IV: Field Testing” of the Challenge are prohibited from copying, modifying, and/or distributing the content of the Information, whether in whole or part.

Thank you for your participation in this important user experience. Please do not hesitate to contact the Challenge team with any questions.

Thank you,

VETS Challenge Team
