

## CFOI Data User Survey

### Introduction

This survey is being conducted by the Bureau of Labor Statistics Census of Fatal Occupational Injuries Program (CFOI).

The purpose of this brief survey is to find out more about how you use CFOI data so that we can continue to provide you with the highest quality data possible.

We hope you will be able to help us identify areas where we can improve our products and customer service. We will combine your answers with others responses to produce summaries where individuals cannot be identified.

We appreciate your feedback. Thank you for contributing to this important effort.

Click **Next** when you are ready to begin the survey.

This voluntary study is being conducted under OMB Number 1225-0088. Without this currently approved number, we could not conduct this survey. We estimate it will take 15 minutes to complete this survey. This survey is being administered by surveymonkey.com and resides on a server outside of the BLS Domain. The BLS cannot guarantee the protection of survey responses and advises against the inclusion of sensitive personal information in any response.
