

Welcome!

We are conducting this survey to collect feedback from data users on how the **Quarterly Census of Employment and Wages (QCEW)** data (produced in cooperation by the Bureau of Labor Statistics and the states) are used. We will carefully consider all of the responses to this survey as we update our confidentiality procedures and continue to improve the utility of our data.

You can leave and return to complete the survey using the same link from your email invitation at any time until the survey field period closes on April 17, 2019. The survey automatically saves your responses each time you click "Next" or submit the survey.

If you have any questions about this survey, please contact the QCEW program manager David Talan at Talan.David@bls.gov.

This voluntary survey is being collected by the Bureau of Labor Statistics under OMB No. 1225-0088 (Expiration Date: October 31, 2020). Without this currently-approved number, we could not conduct this survey. We estimate that it will take on average 15 minutes to complete this survey. We will use the information you provide for internal, informational purposes only. Your participation is voluntary, and you have the right to stop at any time. This survey is being administered by SurveyMonkey and resides on a server outside of the BLS Domain. The BLS cannot guarantee the protection of survey responses and advises against the inclusion of sensitive personal information in any response. By proceeding with this study, you give your consent to participate in this study.

Before we begin, please tell us what type of organization you represent.

- Other

Instructions

The purpose of this survey is to understand how your organization uses or would like to use QCEW employment and wage data.

On each page of the survey, you will be prompted to describe an individual **"use case" - a project or purpose for producing data or estimates.**

Before beginning the survey, please gather the following information:

- A list of your current use cases for QCEW data
- A list of your potential use cases for QCEW data - ways that your organization would like to use the data but do not or cannot currently
- For each use case, consider:
 - Who is the customer or audience for the data or estimates you produce
 - Whether confidential QCEW data are used
 - Whether data or estimates are made available to non-BLS agents
 - Frequency of production
 - Minimum requirements for data format, industry, geography, and ownership.

Click on these links to see example use cases

Example Use Case 1: [Area Profiles](#)

Example Use Case 2: [Employment data required for allocation of Local Government Aid \(LGA\)](#)

You may return to the survey at any time to resume your responses. Be sure to click the "next" button at the bottom of the page you are on to make sure your responses are saved.

Current Use Case #1

Please tell us about one example of how you currently use QCEW data

Use case title:

Briefly describe the use case:

Please include a link to any publicly available data or estimates.

Who is the customer for this use case?

Examples: governor's office, state legislative or executive groups, economic development organization, me.

What kind of QCEW data are used?

- Confidential QCEW microdata
- Publicly available QCEW tables

Are the data or estimates produced for this use case made available to non-BLS agents?

- Yes
- No
- Don't know

How frequently do you produce the data or estimates for this use case?

- Weekly
- Monthly
- Quarterly
- Annually
- Ad hoc basis

What are the minimum data requirements for this use case?

Please indicate the finest level of detail needed in each category.

Format

- Tables
- Microdata

Industry

- Total private
- 2 digit NAICS
- 3 digit NAICS
- 4 digit NAICS
- 5 digit NAICS
- 6 digit NAICS

Geography

Select all that apply

- | | |
|--|--|
| <input type="checkbox"/> National | <input type="checkbox"/> Census tract |
| <input type="checkbox"/> State | <input type="checkbox"/> Census block |
| <input type="checkbox"/> Metropolitan statistical area (MSA) | <input type="checkbox"/> Zip code |
| <input type="checkbox"/> County | <input type="checkbox"/> Local Workforce Development Areas |
| <input type="checkbox"/> City | <input type="checkbox"/> Central business districts |
| <input type="checkbox"/> Township | <input type="checkbox"/> Arbitrary areas defined by latitude and longitude |

Ownership

- All ownership types together
- Broken down by ownership type (e.g., private, non-profit)

How important is this use case?

- Somewhat important
- Very important
- Critically important
- Required by statute

If there are any additional details that would help us to understand the data requirements for this use case, please leave them here:

Please review your information and click "Next" to save this use case.

Current Use Case #1 has been updated.

What would you like to do next?

- Submit another **current** use case
- Submit a **potential** use case
- End the survey

Current Use Case #2

Please tell us about one example of how you currently use QCEW data

Use case title:

Briefly describe the use case:

Please include a link to any publicly available data or estimates.

Who is the customer for this use case?

Examples: governor's office, state legislative or executive groups, economic development organization, me.

What kind of QCEW data are used?

- Confidential QCEW microdata
- Publicly available QCEW tables

Are the data or estimates produced for this use case made available to non-BLS agents?

- Yes
- No
- Don't know

How frequently do you produce the data or estimates for this use case?

Use case title:

Briefly describe the use case:

Who would be the customer for this use case?

Examples: governor's office, state legislative or executive groups, economic development organization, me.

What kind of QCEW data would be used?

- Confidential QCEW microdata
- Publicly available tables

Would the data or estimates be made available to non-BLS agents?

- Yes
- No
- Don't know

How frequently would the data or estimates be produced for this use case?

- Weekly
- Monthly
- Quarterly
- Annually
- Ad hoc basis

What would be the minimum data requirements for this use case?

Please indicate the finest level of detail needed in each category.

Format

- Tables
- Microdata

Industry

- Total private
- 2 digit NAICS
- 3 digit NAICS
- 4 digit NAICS
- 5 digit NAICS
- 6 digit NAICS

Geography

Select all that apply

- | | |
|---|---|
| <input type="radio"/> National | <input type="radio"/> Census tract |
| <input type="radio"/> State | <input type="radio"/> Census block |
| <input type="radio"/> Metropolitan statistical area (MSA) | <input type="radio"/> Zip code |
| <input type="radio"/> County | <input type="radio"/> Local Workforce Development Areas |
| <input type="radio"/> City | <input type="radio"/> Central business districts |
| <input type="radio"/> Township | <input type="radio"/> Arbitrary areas defined by latitude and longitude |

Ownership

- All ownership types together
- Broken down by ownership type (e.g., private, non-profit)

How important would this use case be?

- Somewhat important
- Very important
- Critically important
- Required by statute

If there are any additional details that would help us to understand the data requirements for this use case, please leave them here:

Please review your information and click "Next" to save this use case.

Potential Use Case #4 has been updated.

What would you like to do next?

- Submit another **potential** use case
- End the survey

Potential Use Case #5

Please tell us about one example of how you would like to use QCEW data
