Summary

Summary

The Department of Homeland Security and the Chemical Sector Coordinating Council (CSCC) are co-sponsoring the 2017 Chemical Sector Security Summit, scheduled for Wednesday, July 19, 2017, through Friday, July 21, 2017, in Houston, TX.

The 2017 Chemical Sector Security Summit will provide a forum for representatives from the chemical community to exchange information and network with other security professionals, share best practices, learn more about chemical security regulations, and gain insight into the roles of Federal, State, and local agencies and departments involved in chemical security.

There is no registration fee associated with this event.

NEW Webcasting

For individuals that are unable to attend the 2017 Chemical Summit, several sessions from the Summit will be available for viewing via webcast. These sessions include, but are not limited to, the keynote addresses and the Infrastructure Security Compliance Division Regulatory Update. A complete list of sessions available via webcast will be delivered to attendees who register to attend by webcast.
