6. TECHNICAL ASSISTANCE RECIPIENT SURVEY

Thank you for taking the time to complete this survey. The US Department of Education supports 22 Comprehensive Technical Assistance Centers to help increase State Education Agencies' capacity to assist districts and schools in meeting student achievement goals. As part of an external evaluation of the national Comprehensive Centers program, IMPAQ International is surveying recipients of technical assistance like you about your experience with the program and related capacity-building outcomes. Your responses will help assess outcomes and inform improvement of the Comprehensive Centers program.

The focus of this survey is on technical assistance in two areas identified by the Department of Education as priorities:

1. Identifying, recruiting, developing, and retaining highly effective teachers and leaders
2. Ensuring school readiness and success of preschool-age children and their successful transition to kindergarten.

The survey should take no more than 15 minutes to complete.

Information collected for this study comes under the confidentiality and data protection requirements of the Institute of Education Sciences (The Education Sciences Reform Act of 2002, Title I, Part E, Section 183). Responses to this data collection will be used only for research purposes. The reports prepared for this study from the survey findings will be summarized and aggregated and should not associate responses with a specific district, school, or individual. However, respondents' roles and the CC they work with may be identified in the report, which may lead to individuals' being identified. Other than this situation that we have made respondents aware of, we will not provide information that identifies you to anyone outside the study team, except as required by law.

This survey is voluntary. You can decide not to participate, or you can discontinue participation at any time without consequence. You do not have to answer any questions you do not want to, but we encourage you to answer as many as you can.

If you have any questions, please contact Michaela Gulemetova at 443-367-0088 extension 2335 or NCCEvaluation@impaqint.com.

Thank you for your help!
