

SUPPORTING STATEMENT  
FOR  
SSS FORM 402  
UNCOMPENSATED REGISTRAR APPOINTMENT FORM  
(3240-0010)

1. All male citizens of the United States are required to register with the Selective Service System within 30 days of their 18th birthday in accordance with the provisions of the Military Selective Service Act and presidential Proclamation 4771, as amended by Proclamation 7275.
  - a. Within the United States the great majority of young men required to register with the Selective Service System do so at their U.S. Post Office, on the Internet ([www.sss.gov](http://www.sss.gov)), or through various automated registration programs. However, the Selective Service System has found the presence of official uncompensated Registrars in certain locations, such as high schools, and/or associated with Federal programs such as the Workforce Investment Act training programs have resulted in registration of many young men who, without the assistance of these volunteer Registrars, would not have otherwise registered with the Selective Service System.
  - b. At any given time there will be a substantial number of U.S. citizens in foreign countries who have a legal requirement to register. The use of volunteer Registrars is of great importance providing an opportunity for these young men to fulfill their legal obligation.
2. The Uncompensated Registrar Appointment Form, SSS Form 402, provides means of (1) establishing authority for the volunteer to act officially as a Selective Service Registrar; (2) of verifying that status and performance of duty to Federal, state and local government agencies, and the general public; and (3) of recording the volunteer's waiver of pay and compensation and oath of office.

The SSS Form 402, Uncompensated Registrar Appointment, will serve as a locator card for the Selective Service System and as verification that the Registrar has met the requirements mandated by law and Selective Service System regulations. The SSS Form 402 also confirms the appointment of Registrars.

The Department of State (DOS) has a long standing agreement with the Selective Service System to assist in the overseas registration of U.S. citizens who reside abroad at the time they are required to register. Unpaid volunteer citizens are appointed as Registrars to serve

in areas where the number of persons to be registered is a consideration or where locations distant from DOS posts constitute a further consideration. The senior consular official at each overseas DOS post, within their areas of jurisdiction, contacts, facilitates appointments of, and instructs these Registrars.

3. No consideration has been given to the use of improved technology to reduce the burden because of the simplicity of the form and the necessity of obtaining the signature of each subject volunteer.
4. The oath of office and waiver of pay items on this form make it unique within the world and because of this uniqueness there can be no duplication in the collection of information.
5. There is no similar information available.
6. The collection of information involves no small organizations.
7. Without overseas Registrars, many U.S. citizens would not be able to register while overseas and, consequently, would be in violation of the Military Selective Service Act. Other Registrars assist in registering young men who are candidates for Federal job training programs.
8. Collection of this information conforms to the guidelines in 5 CFR 1320.6.
9. No consultations have been made with persons outside the Agency.
10. The confidentiality of this information is assured both by Agency policy and Agency compliance with the provisions of the Privacy Act.
11. The information provided on this form is given voluntarily, and may be, in some cases, of a sensitive nature. However, without this information, an applicant cannot be appointed.
