### **Examples of Survey Questions**

1. Do you expect your firm's spending on new plant and equipment over the next six to twelve months to increase, decrease, or be about unchanged relative to your actual spending over the past six to twelve months?
2. If your firm plans to increase its spending on new plant and equipment, what are the major factors behind your plan to increase capital spending?
3. How much of the increase in your firm's planned spending on plant and equipment over the next six to twelve months reflects investment that had been postponed because of the recession?
4. If your firm does not plan to increase its spending on new plant and equipment, what are the major factors behind your plan not to increase capital spending?
