

## **JUSTIFICATION FOR CHANGE**

### **ANTARCTIC MARINE LIVING RESOURCES CONSERVATION AND MANAGEMENT MEASURES**

#### **OMB Control No. 0648-0194**

This request is to merge OMB Control No. 0648-0742, a temporary collection as part of a rulemaking, in place of OMB Control No. 0648-0194, as RIN 0648-BB86 was in process during the extension of OMB Control No. 0648-0194.

Two new information collections, a first receiver permit application and advance notice of transshipment within the Convention Area, will be added. Also, three existing forms under OMB Control No. 0194 were revised as part of the temporary collection, so these will replace the versions currently in OMB Control No. 0194: Application for Re-Export of Toothfish, Reporting Form for Shipments of Fresh Toothfish, and Application for Pre-Approval Certificate to Import Frozen Toothfish.

Total added response: 2; hours, 2, and costs, \$5.

Total new responses: 1,504; hours, 388 and costs, \$132,528.
