The Defense Security Service has invited you to participate in the NISP Security Cost Data Collection.

As the Executive Agency for the National Industrial Security Program (NISP) under Executive Order 12829, the Department of Defense is required to provide the Information Security Oversight Office (ISOO) with an estimated annual cost to Industry of complying with NISP security requirements. We determine the costs by surveying contractors who possess classified information at their cleared facility.

To meet this requirement, DSS conducts a *stratified random sample* survey of contractor facilities using a web-based survey and Office of Management and Budget (OMB)-approved survey methodology. Since the sample of cleared facility participants is randomly selected, not all facilities will receive the survey. Verification of the legitimacy of the Survey URL can be obtained through your Cognizant Security Office.

We appreciate your cooperation and submission of the cost information within 2 weeks.

Please click on the link below to complete.

Take Survey

Sincerely,
Defense Security Service

Quantico, VA
