Attachment 8:

Invitation to Complete the Survey

Dear EHDI Program,

You are invited to complete the 2017 CDC Early Hearing Detection and Intervention (EHDI) Hearing Screening and Follow-up Survey (HSFS). This survey requests aggregate information related to infant hearing screening and follow-up activities in calendar year 2015. This information will be used to report on progress towards achieving the National EHDI Goals and related Healthy People 2020 objectives. It would be greatly appreciated if you could complete this survey. Responses are requested by *(insert date here)*. If you are not the correct person to receive this request please let us know.

Your participation in this survey is voluntary. This information is important in determining the status of EHDI efforts across the United States. Once this data is collected summaries will be available on the CDC EHDI website at: www.cdc.gov/ncbddd/hearingloss/ehdi-data.html. *Please see below for information about how to complete this online survey.*

As in the past this survey consists of three parts and can be completed via the Excel template attached to this email. Instructions and additional information are included in the Explanations document which is also attached to this email.

Thank you for your attention in this matter. If you have any questions or need assistance in filling out the survey please contact Suhana Alam at: SAlam1@cdc.gov or (404) 498-3031.

Thank you,

Suhana Alam, MPH
