

Survey Administration Information

OMB No.: 0925-0642

Expiration Date: 05/31/2020

Collection of this information is authorized by The Public Health Service Act, Section 411 (42 USC 285a). Rights of study participants are protected by The Privacy Act of 1974. Participation is voluntary, and there are no penalties for not participating or withdrawing from the study at any time. Refusal to participate will not affect your benefits in any way. The information collected in this study will be kept private to the extent provided by law. Names and other identifiers will not appear in any report of the study. Information provided will be combined for all study participants and reported as summaries. You are being contacted by email to complete this instrument so that we can improve the information on the Automated Self-Administered 24-hour Dietary Assessment Tool (ASA24) websites.

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0642). Welcome

Greetings,

Because you registered to use either the 2014 or 2016 versions of the Automated Self-Administered 24-hour (ASA24) Dietary Assessment Tool, I would like invite you to provide feedback about your experience using ASA24 through this survey.

Your responses to the following questions will help us assess the usefulness of several aspects of the ASA24 system, including the new Respondent Nutrition Report, materials about the system for respondents as well as for those collecting dietary data, and the help desk support available to ASA24 users.

All responses will remain anonymous, unless you choose to provide your contact information at the end of the survey.

As the project officer for ASA24, I want to thank you on behalf of the entire ASA24 team for taking the time to provide feedback about the ASA24 system,

**Amy Subar, Ph.D., M.P.H., R.D.
National Cancer Institute**
