TITLE OF INFORMATION COLLECTION:

NCI Explore On Site (EXPOSE) Pre-and Post- Customer Satisfaction Survey

PURPOSE:

The NCI Center for Cancer Training (CCT) wishes to collect information from NCI program stakeholders to better inform service delivery. In July 2018, twenty NCI intramural postdoctoral fellows will participate in the NCI Explore On Site (EXPOSE) program to gain exposure to careers in the biomedical workforce beyond traditional, academic cancer research. CCT plans to survey the EXPOSE fellows pre- and post-program participation to better understand the fellows’ needs and experience and to improve the program for future cohorts. The fellows will complete a pre-survey that reflects their current skills and knowledge prior to participating in the EXPOSE program. The post-survey will reflect changes in the fellows’ skills and knowledge as a result of participating in the program.

DESCRIPTION OF RESPONDENTS:

Respondents will be the 20 NCI postdoctoral fellows who participate in the EXPOSE program.
