

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0642). Do not return the completed form to this address.

**How would you characterize your primary area of expertise?**

- Genetics
- Epidemiology
- Genetic epidemiology
- Bioinformatics
- Statistics
- Other

**What is your experience with using clouds for data storage, access or analysis?**

- Using now
- Limited use
- Interested in and have tried to use
- Interested in, but have not yet tried to use
- Not familiar/not interested in using the cloud

**If requesting access to sequencing data, what would be your preferred format?**

- CRAM
- BAM
- VCF
- FASTQ
- FASTA
- Other

**How long should NIH make data available?**

- Up to 1 year
- Up to 5 years
- Up to 10 years
- Up to 30 years
- Forever
