

ETCTN

Team Driven. Cancer Therapy Focused.

Experimental Therapeutics Clinical Trials Network

National Cancer Institute at the National Institutes of Health

Introduction

The National Cancer Institute (NCI) would like to know about your experiences with the Experimental Therapeutics Clinical Trials Network (ETCTN) over the past grant year (April 2014 - March 2015).

Your input will help NCI assess and refine the ETCTN processes and identify areas for improvement.

The survey will ask questions about ETCTN processes and activities and trial portfolio. It should take approximately 15 minutes to complete.

Your responses are confidential and all results will be reported in the aggregate. Your participation and responses will have no bearing on your ETCTN grant, or any future interactions with NCI.

We thank you for your assistance!

To continue and begin the survey, click the "Next" button below.

OMB# 0925-0046-09
Exp. Date: 05/31/2016

Privacy Statement and Consent

Collection of this information is authorized by The Public Health Service Act, Section 411 (42 USC 285a). Participation is voluntary and there are no penalties for not participating or withdrawing from the study at any time. The information collected in this study will be kept private to the extent provided by law. Names and other identifiers will not appear in any report of the study. Information provided will be combined for all study participants and reported as summaries. You are being contacted by User-Centered Design, Inc. via email to complete this instrument so that we can gain feedback from you on your experiences and recommendations regarding the implementation of the ETCTN program.

Please click the "Next" button if you consent to taking this survey.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 208927974, ATTN: PRA (0925-0046-09). Do not return the completed form to this address.

Role and Involvement with ETCTN

The first set of questions asks about your role within the ETCTN and your overall experiences with the program during the first grant year (April 2014 - March 2015).

1. Please review the following ETCTN staff roles and descriptions and select the primary role that best fits your day-to-day activities for the program. If other roles describe your activities to a lesser degree, please select these as Secondary Roles.

	Primary role (select one)	Secondary role (select all that apply)
Grant administrator: Primary administrator for the program; makes roster changes in RSS; primary contact for program matters, including study announcements; disseminates ETCTN information from NCI to sites.	<input type="radio"/>	<input type="checkbox"/>
Site administrator: Primary contact person at each LAO or P2C-participating site; makes roster updates for their sites via CTSU website; disseminates ETCTN information to site staff.	<input type="radio"/>	<input type="checkbox"/>
Study administrator: Primary contact person at a LAO or P2C-participating site for a particular ETCTN study.	<input type="radio"/>	<input type="checkbox"/>
Rave CRA: Accesses Medidata Rave to enter and manage patient data.	<input type="radio"/>	<input type="checkbox"/>
Registrar: Accesses OPEN/WRS to enroll patients and request slot reservations.	<input type="radio"/>	<input type="checkbox"/>
Other: <input style="width: 150px;" type="text"/>	<input type="radio"/>	<input type="checkbox"/>

ETCTN Benefits

11. Below is a list of potential benefits to be achieved via the ETCTN network.

Please indicate if you think that each of the potential benefits is:

- More likely to occur with *ETCTN trials*,
- More likely to occur with *other investigator-initiated trials at your center*
OR
- Equally likely to occur with *other investigator-initiated trials and with ETCTN trials*

	More Likely to Occur With ETCTN Trials at my Center	More Likely to Occur With Other Investigator-Initiated Trials at my Center	Likely to Occur Equally With Other Investigator-Initiated Trials AND ETCTN Trials
Greater access to early phase trials.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Efficient unsolicited LOI process.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Obtain IRB approval quickly.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Activate trials quickly at my center.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Enroll patients to trials at the projected accrual rate.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Efficient patient registration.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Efficient data collection.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Efficient data management.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Easy data queries.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Social Network Collaborations

We would like to learn more about your work with other researchers that are involved in the ETCTN.

13. Please look at the list of ETCTN organization members below and indicate a "yes" for those you had direct collaboration with over the past year (either developing protocols or opening trials).

ETCTN Lead Academic Organizations and Affiliates	Yes	No
Translational Genomics Research Institute	<input type="radio"/>	<input type="radio"/>
City of Hope Comprehensive Cancer Center	<input type="radio"/>	<input type="radio"/>
UC Davis Comprehensive Cancer Center	<input type="radio"/>	<input type="radio"/>
USC Norris Comprehensive Cancer Center	<input type="radio"/>	<input type="radio"/>
University of Colorado Cancer Center - Anschutz Cancer Pavilion	<input type="radio"/>	<input type="radio"/>

Demographics

The next set of questions asks about your background and experience with cancer research.

14. Please indicate your sex:

Female

Male

15. Please indicate your ethnicity:

Hispanic or Latino

Not Hispanic or Latino

16. Please indicate your race (mark one or more of the following):

American Indian or Alaska Native

Asian

Black or African American

Native Hawaiian or Other Pacific Islander

White

17. What is the highest degree or level of education you have completed?

High school graduate

Completed some college

Associate degree

Bachelor's degree

Completed some postgraduate

Master's degree

Ph.D.

Medical degree

Other advanced degree beyond a Master's degree

18. How long have you been involved with ...

	1-5 years	6-10 years	11-15 years	16-20 years	20+ years
Early phase clinical trials	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Cancer research	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your center	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
