## SECTION E. RAPTOR PROPAGATION (Migratory Bird Treaty Act, 50 CFR 21.30)

Note: A Federal Raptor Propagation Permit is required to capture from the wild, possess, transport, import, purchase, barter, or offer to sell, purchase, or barter any raptor, raptor egg, or raptor semen for propagation purposes. You must be at least 18 years of age to apply. Any raptors that you are authorized to hold, must be maintained in humane and healthful conditions [per 50 CFR 13.41]. You must also have adequate facilities for the number and species you intend to possess [per 50 CFR 21.30(c)(1-2) and 50 CFR 21.30(w)(3)]. You are responsible for reviewing and understanding these regulations before you request and accept a permit. These regulations can be found on our website at: <https://www.fws.gov/birds/policies-and-regulations/permits/permit-policies-and-regulations.php>

Please provide the following information on a separate sheet of paper by providing the question number; re-stating the question; followed by your responses accordingly. You should be as thorough and specific as possible in your responses. Incomplete applications will be returned. Failure to respond in the time required may delay processing of your application and may be considered abandoned.

1. State the purpose for which you seek a raptor propagation permit.
2. List each raptor you intend to acquire for propagation purposes by species, date of acquisition, source, and band number.
3. List each raptor you hold for purposes other than propagation by species, age (if known), sex (if known), date of acquisition, source, band number if banded, and the permit number it is held under.
