§ 1732. Management of use, occupancy, and development of public lands

(a) Multiple use and sustained yield requirements applicable; exception

The Secretary shall manage the public lands under principles of multiple use and sustained yield, in accordance with the land use plans developed by him under section 1712 of this title when they are available, except that where a tract of such public land has been dedicated to specific uses according to any other provisions of law it shall be managed in accordance with such law.

(b) Easements, permits, etc., for utilization through habitation, cultivation, and development of small trade or manufacturing concerns; applicable statutory requirements

In managing the public lands, the Secretary shall, subject to this Act and other applicable law and under such terms and conditions as are consistent with such law, regulate, through easements, permits, leases, licenses, published rules, or other instruments as the Secretary deems appropriate, the use, occupancy, and development of the public lands, including, but not limited to, long-term leases to permit individuals to utilize public lands for habitation, cultivation, and the development of small trade or manufacturing concerns: *Provided*, That unless otherwise provided for by law, the Secretary

However, the Secretary concerned may designate areas of public land and of lands in the National Forest System where, and establish periods when, no hunting or fishing will be permitted for reasons of public safety, administration, or compliance with provisions of applicable law. (2) Use of public lands pursuant to a general authorization under this subsection shall be limited to areas where such use would not be inconsistent with the plans prepared pursuant to section 1712 of this title. Each such use shall be subject to a requirement that the using department shall be responsible for any necessary cleanup and decontamination of the lands used, and to such other terms and conditions (including but not limited to restrictions on use of off-road or all-terrain vehicles) as the Secretary of the Interior may require to—

(B) Each specific use of a particular area of public lands pursuant to a general authorization under this subsection shall be subject to specific authorization by the Secretary and to appropriate terms and conditions, including such as are described in paragraph (2) of this subsection.

An authorization pursuant to this subsection shall not authorize the construction of permanent structures or facilities on the public lands.

(5) To the extent that public safety may require closure to public use of any portion of the public lands covered by an authorization issued pursuant to this subsection, the Secretary of the military Department concerned or the Commandant of the Coast Guard shall take appropriate steps to notify the public concerning such closure and to provide appropriate warnings of risks to public safety.

(b) Procedures applicable

No document or disclaimer shall be issued pursuant to this section unless the applicant there-

for has filed with the Secretary an application in writing and notice of such application setting forth the grounds supporting such application has been published in the Federal Register at least ninety days preceding the issuance of such disclaimer and until the applicant therefor has paid to the Secretary the administrative costs of issuing the disclaimer as determined by the Secretary. All receipts shall be deposited to the then-current appropriation from which expended.

Such loans shall be confined to the uses specified for the 50 per centum of mineral leasing revenues to be received by such States and subdivisions pursuant to section 35 of such Act [30 U.S.C. 191].

(2) The total amount of loans outstanding pursuant to this section for any State and political subdivisions thereof in any year shall be not more than the anticipated mineral leasing revenues to be received by that State pursuant to section 35 of the Act of February 25, 1920, as amended [30 U.S.C. 191], for the ten years following.

(3) The Secretary, after consultation with the Governors of the affected States, shall allocate such loans among the States and their political subdivisions in a fair and equitable manner, giving priority to those States and subdivisions suffering the most severe impacts.

(6) Any loan made pursuant to this section shall be secured only by a pledge of the revenues received by the State or the political subdivision thereof pursuant to section 35 of the Act of February 25, 1920, as amended [30 U.S.C. 191], and shall not constitute an obligation upon the general property or taxing authority of such unit of government.

(7) Notwithstanding any other provision of law, loans made pursuant to this section may be used for the non-Federal share of the aggregate cost of any project or program otherwise funded by the Federal Government which requires a non-Federal share for such project or program and which provides planning or public facilities otherwise eligible for assistance under this section.

(8) Nothing in this section shall be construed to preclude any forbearance¹ for the benefit of the borrower including loan restructuring, which may be determined by the Secretary as justified by the failure of anticipated mineral development or related revenues to materialize as expected when the loan was made pursuant to this section.

(9) Recipients of loans made pursuant to this section shall keep such records as the Secretary shall prescribe by regulation, including records which fully disclose the disposition of the proceeds of such assistance and such other records as the Secretary may require to facilitate an effective audit. The Secretary and the Comptroller General of the United States or their duly authorized representatives shall have access, for the purpose of audit, to such records.

(10) No person in the United States shall, on the grounds of race, color, religion, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity funded in whole or part with funds made available under this section.

SUBCHAPTER IV—RANGE MANAGEMENT

§ 1751. Grazing fees; feasibility study; contents; submission of report; annual distribution and use of range betterment funds; nature of distributions

(a) The Secretary of Agriculture and the Secretary of the Interior shall jointly cause to be conducted a study to determine the value of grazing on the lands under their jurisdiction in the eleven Western States with a view to establishing a fee to be charged for domestic livestock grazing on such lands which is equitable to the United States and to the holders of grazing permits and leases on such lands. In making such study, the Secretaries shall take into consideration the costs of production normally associated with domestic livestock grazing in the eleven Western States, differences in forage values, and such other factors as may relate to the reasonableness of such fees. The Secretaries shall report the result of such study to the Congress not later than one year from and after October 21, 1976, together with recommendations to implement a reasonable grazing fee schedule based upon such study. If the report required herein has not been submitted to the Congress within one year after October 21, 1976, the grazing fee charge then in effect shall not be altered and shall remain the same until such report has been submitted to the Congress. Neither Secretary shall increase the grazing fee in the 1977 grazing year.

(b)(1) Congress finds that a substantial amount of the Federal range lands is deteriorating in quality, and that installation of additional range improvements could arrest much of the continuing deterioration and could lead to substantial betterment of forage conditions with resulting benefits to wildlife, watershed protection, and livestock production. Congress therefore directs that 50 per centum or \$10,000,000 per

annum, whichever is greater of all moneys received by the United States as fees for grazing domestic livestock on public lands (other than from ceded Indian lands) under the Taylor Grazing Act (48 Stat. 1269; 43 U.S.C. 315 et seq.) and the Act of August 28, 1937 (50 Stat. 874; 43 U.S.C. 1181d), and on lands in National Forests in the sixteen contiguous Western States under the provisions of this section shall be credited to a separate account in the Treasury, one-half of which is authorized to be appropriated and made available for use in the district, region, or national forest from which such moneys were derived, as the respective Secretary may direct after consultation with district, regional, or national forest user representatives, for the purpose of on-the-ground range rehabilitation, protection, and improvements on such lands, and the remaining one-half shall be used for on-the-ground range rehabilitation, protection, and improvements as the Secretary concerned directs. Any funds so appropriated shall be in addition to any other appropriations made to the respective Secretary for planning and administration of the range betterment program and for other range management. Such rehabilitation, protection, and improvements shall include all forms of range land betterment including, but not limited to, seeding and reseeding, fence construction, weed control, water development, and fish and wildlife habitat enhancement as the respective Secretary may direct after consultation with user representatives. The annual distribution and use of range betterment funds authorized by this paragraph shall not be considered a major Federal action requiring a detailed statement pursuant to section 4332(c) of title 42.

(2) All distributions of moneys made under subsection (b)(1) of this section shall be in addition to distributions made under section 10 of the Taylor Grazing Act [43 U.S.C. 315i] and shall not apply to distribution of moneys made under section 11 of that Act [43 U.S.C. 315j]. The remaining moneys received by the United States as fees for grazing domestic livestock on the public lands shall be deposited in the Treasury as miscellaneous receipts.
