FOOTNOTES:
  1. Fees charged to Industry for membership in center, broken down into primary, secondary, and tertiary (not all centers offer the latter two categories).
  2. Report cash support only from the categories listed. Support from any other sources (such as university or other cash) does not need to be reported.
  3. Capital support refers to items of value over $25,000 and includes equipment and facilities. In-kind contributions include non-cash donations of equipment, facilities (occupied buildings), personnel, and software. Report the value of contributions received during the most recently completed fiscal year.
  4. Indicate the number of I/UCRC Personnel receiving any salary or stipend support from each of the NSF I/UCRC Program personnel supplements listed above.
  5. The total funding collected by a center during the most recently completed fiscal year from industry membership fees, including MIPRs covering membership support. For multi-year payments, report annualized totals.
  6. Refers to additional member funding (e.g., enhancements, donations, etc.) collected during the most recently completed fiscal year, which is applied to the Center as a whole (e.g., income that results in outcomes shared equally by all Center members). Include additional support provided by members through MIPRs that is above and beyond the membership fee paid. For multi-year payments, report annualized totals.
  7. Refers to the total funding for the most recently competed fiscal year provided by the I/UCRC program, including operating grant, self-sustaining Center funding, evaluator support, CORBI awards, RUI/PUI awards, etc. This category does not include money transferred through NSF from other Federal Agencies (MIPRs). For multi-year payments, report annualized totals.
  8. Any NSF awards granted to Center during the most recently completed fiscal year that are provided by other NSF groups or divisions (in addition to IUCRC Award & Supplement). The award must be for research that is shared with all Center members, not just awards to Center affiliated PIs. This category does not include money transferred through NSF from other Federal Agencies (MIPRs). For multi-year payments, report annualized totals.
  9. Refers to funding for the Center provided during the most recently completed fiscal year by other Federal funding sources, but does NOT include funding from NSF. For multi-year payments, report annualized totals.
  10. Refers to funding for the Center provided during the most recently completed fiscal year by other non-Federal funding sources, foundations, etc. For multi-year payments, report annualized totals.
  11. Refers to the funding provided during the most recently completed fiscal year by state government and/or an agency or program funded by state government. For multi-year payments, report annualized totals.
  12. For any "Other NSF Support" reported in Row 15 under the Cash Support section, please provide the corresponding NSF Award numbers. If the dollar value reported for each site reflects more than one award, report all relevant award numbers with each award number separated by a comma.
  13. Refers to the overhead rate charged to membership fees.

14. Refers to the estimated percentage of each site's total operating budget (the combined total of cash support reported above) allocated to administration (e.g., administrative salaries, travel, telephone, meeting expenses, marketing expenses). Do NOT include the evaluator funds as administrative costs. Do NOT include indirect or F&A costs as administrative costs.

PART 6: CENTER P

In the green highlighted areas below and to the right, please enter additional Center personnel information for the I/UCRC Personnel reported on the Part 5: I/UCRC Personnel Sheet. Report race data for US Citizens and Permanent Residents ONLY on this sheet.

NOTE: If yours is a multi-site center, use the information collected in the "Partner Site Information Sheet" to enter information separately for each site (SCROLL RIGHT). Numbers will be summed automatically in the columns beneath the blue bar, to the left.

NOTE ON RACE. Indicate the races of your I/UCRC personnel. Count U.S. citizens and legal permanent residents only. See definitions of ethnicity and race for more information.

Notes About Ethnicity and Race Categories:

Race data are collected separately for Hispanic or Latino personnel, Non-Hispanic or Latino personnel, and personnel who do not report an ethnicity. ("Hispanic or Latino" is considered an ethnicity rather than a race; Hispanic or Latino persons can be of any race.)

These categories are established by the Office of Management and Budget (OMB). More information is available on the OMB Web site at http://www.whitehouse.gov/omb/bulletins/b00-02.html.

ETHNICITY
Hispanic or Latino. A person of Mexican, Puerto Rican, Cuban, South or Central American, or other Spanish culture or origin, regardless of race. Because Hispanic or Latino persons can be of any race, this system divides the collection of race and ethnicity information into three data entry screens.

RACES
American Indian or Alaska Native. A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.

Asian. A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Black or African American. A person having origins in any of the black racial groups of Africa.

Native Hawaiian or Other Pacific Islander. A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White. A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
