6. The market value of all real property securing the notes described in Items 2 and 5 (Notes), and this agreement as of the date of this agreement is \$ _____.

7. This agreement and the Notes are secured by the following real estate security instruments (Security Instruments):

(a) Date of Security Instrument	(b) Records of County	(c) State	(d) Filing Information (Book, Reel, Page, etc.)	(e) Grantor

8. **In consideration of** FSA writing down the above amounts and restructuring Borrower's FLP loans, Borrower agrees to pay a portion of the increase in market value (appreciation) of the real estate described in the Security Instruments if the market value of the real estate increases between the date of this agreement and the end of the 5-year period, or sooner if one of the following occur:

- A. All of the loans are paid in full or otherwise satisfied;
- B. Borrower stops farming;
- C. Any of the Notes are accelerated;
- D. When any of the real estate security property, described in the Security Instruments, is sold or conveyed prior to the expiration date of this agreement. "Convey" includes sale, gift, contract for sale, purchase agreement, or foreclosure. "Convey" does not include transfer of title to spouse upon death of the borrower. Collection of shared appreciation, however, will take place if the surviving spouse sells or conveys the subject property, ceases farming, pays the Notes in full or at the end of the term of this agreement, whichever comes first. If Borrower sells a portion of the real estate property, the amount of shared appreciation due will only be calculated on the portion sold. This agreement will remain in effect until the end of the 5-year period to cover any real estate security not sold.

9. The amount of shared appreciation due FSA will depend on when the shared appreciation is considered due and payable as described in Item 8 and the applicable payment schedule described below. The total amount due FSA will never exceed the amount of writedown described in Item 4. The amount due will be based on the positive appreciation in the market value of the real property described in the Security Instruments and calculated in accordance with 7 C.F.R part 766 as follows:

- A. Seventy-five (75) percent of any positive appreciation if within 4 years or less from the date of this agreement, any of the events listed in Item 8 occurs.

- B. Fifty (50) percent of any positive appreciation on the 5th anniversary of this agreement, or sooner, if after 4 years from the date of this agreement any of the events listed in Item 8 occurs.
- 10. For purposes of determining the amount of shared appreciation due, the market value of the property may be reduced by the contributory value of certain capital improvements on the property in accordance with 7 C.F.R part 766.
- 11. If Borrower is unable to pay the shared appreciation due, such amount may be amortized to a shared appreciation payment agreement under terms and conditions defined in 7 C.F.R part 766.
- 12. If Borrower violates the terms of this agreement, FSA can accelerate all Borrower notes and liquidate the security property.
