

Electronic Reporting Instructions

Updated • 2014

INTRODUCTION:

The California Olive Committee's electronic reporting system was developed to provide the industry with electronic data, increase efficiencies, limit subjectivity and provide value to growers. The system is web based and completely login secure.

» To view all certificates in a PDF document, click "View in PDF"

» To view an individual certificate in a PDF document, click the PDF icon 📜 that is to the left of the certificate you wish to see

Note: You are able to save PDFs to your computer if you wish, but please know that all of your data will be saved in the system and is retrievable at any time

» To view all the certificates in an Excel form click "Export to Excel". Once you click "Export to Excel" your computer will download an Excel document that includes the certificates. Once you open the Excel document, you can save the data to your computer by going to the "File" tab and clicking "Save As" where you can then choose what to name it and where to save it on your computer.

Note: Your computer must have the Excel software to utilize this feature.
