¹ For approximately 130,395 of these establishments (those which are unclassified or in sectors 21, 23, or 31-33), this classification information will be collected using electronic instrument paths 99023 and 99026 which are covered in clearance 0607-0991, 2017 Economic Census Industry Classification Report

²Blanks in the "4th Quarter Births" column indicate that there were no 4th quarter, 2015 births in these industries in the Business Register data used to generate these projections. In 2017 there may be such births. Zeros in this table mean that the number could not be anything but zero (e.g. all single-establishment firms in an industry are considered to be "Large" therefore there cannot be any "Small" ones).
